Marion, Ind., Admires Marion, O., Port

Visitors View Local Facilities, Greet Civic Leaders

Some 24 city officials and civic leaders from Marion, Ind., visited Marion Municipal Airport Thursday in an effort to promote a similar airport for their community.

Flying to Marion in a chartered Lake Central Airlines DC-3, they were greeted by Mayor Harold F. Robinson, other city officials, local civic leaders, local and state aviation officials and officials of Lake Central Airlines.

—:—

FOLLOWING A LUNCHEON, Mayor Robinson officially welcomed them and said he and other city and civic leaders would be happy to answer their questions about the local airport and give them any possible assistance in their efforts.

James W. E. Humphrey, general sales manager of Lake Central Airlines, welcomed them briefly and introduced Edgar W. Barnhart, president of the local Chamber of Commerce.

Barnhart noted that there are a total of 31 Marions in the United States and four Marion Junctions. The sister cities of Marion, O. and Marion, Ind. are the largest and most important of all, he said.

Marion, Ind., has had an "enviable" population growth in recent years and is much like Marion, O. in that respect, he said. The Indiana city has grown from 30,000 to 40,000 in the last 10 years, according to its mayor, Ralph Leech.

—:—

LATER IN THE program, Mayor Robinson reviewed the history of Municipal Airport. He said it was a project which began during former Mayor Harry Dowler's administration in 1948 and was completed last year under the present administration.

C. E. A. Brown, Ohio aviation director, praised Marion, O., as an example of a city in the 25,000 to 40,000 population class which was able to promote and establish an airport acceptable for airlines service.

Richard Lindsay, editor of the Marion Chronicle-Tribune, who promoted the trip here, said the visit was made so that the Indiana group could evaluate the worth of a similar airport for their city.

He visited the Marion airport in the Junior Chamber of Commerce breakfast flight last month and was impressed by the facilities here. "It's just the type of airport we would be proud of," he said. "It is a functional airport, not too elaborate and not just a showpiece," he explained.

—:—

THE IDEA OF AN airport for the Indiana city is to make it a project of both the city and the county "because we like to think of the Marion community as including all residents of the county," he said. He further explained that an airport would serve not only the city but surrounding villages and towns both in the same and other nearby counties.

Both Humphrey and Brown publicly praised T. S. Pendergast, chairman of an aviation subcommittee of the Chamber of Commerce, for his efforts in helping to raise the passenger and commercial use of Lake Central Airlines in Marion. Humphrey said that unless a certain minimum number of passengers board Lake Central planes each month at Municipal Airport, the Ohio aviation board could order service here discontinued. Pedergast's efforts have raised passenger boardings and other use of the airline by individuals and businesses beyond the danger point, he said.

—:—

PENDERGAST PRAISED Lake Central officials for their willingness to cooperate with local business people in establishing better schedules and air express service.

There followed a question and answer period during which

(Turn to AIRPORT, Page 10)

THE WEST MET THE EAST at Marion Municipal Airport Thursday noon when a group of city officials and civic leaders from Marion, Ind., flew in to look over local airport facilities. Here Marion Mayor Harold F. Robinson greets Marion (Ind.) Mayor Ralph Leech as he steps from a chartered Lake Central plane. At the left is T. S. Pendergast, chairman of an aviation subcommittee of the local Chamber of Commerce, and looking on behind Mayor Leech is Glen Robinson, president of the Marion, Ind., Board of Aviation Commissioners.

Senate Deadlock on Atom Bill Continues; Knowland Trying To Invoke Cloture

Dr. Sheppard Takes Stand, Repeats Story

Cleveland Osteopath Tells of Poor Memory At Coroner's Inquest

CLEVELAND (AP)—Dr. Samuel H. Sheppard testified today at an inquest into his wife's murder that he often did things during the night and later had no recollection of them.

"Do you have a habit of forgetting things" Coroner Samuel H. Gerber asked.

"Not major things," Dr. Sheppard replied. "But I have often done things during the night and then have been told about them and have no recollection of doing them."

"Why was there no recollection of it" Dr. Gerber pressed.

'Semi-Sleep State'

"Doctor, I think you will understand my semi-sleep state," the witness said. "I even have had occasion to answer the phone and not know what I said until I realized I was talking to someone and had them repeat it."

The physician, who had testified in a calm, almost precise manner yesterday, lost his composure today. He flushed angrily when the coroner pressed him for details about a "hazy man" he saw bending over his wife.

"You are telling me what I'm saying!" Dr. Sheppard exploded. "You are putting words in my mouth."

The memory question came up as the coroner went into details of events on the July 3 night Mrs. Marilyn Sheppard, 31, was hacked to death in their lakefront home.

Press for Explanation

Dr. Gerber asked the witness to explain how his memory lapses and why his "subconscious mind was in reverse."

"It is merely a lack of consciousness of these things," Dr. Sheppard answered. "Sometimes when the phone rings, I turn off the alarm. Sometimes when I wake in the morning, not having an upper garment on, I can't recall taking it off."

The witness spent an hour and 55 minutes on the stand yesterday.

He told a story similar to one he gave authorities after his 31-year-old wife, Marilyn, was beaten to death July 4.

After dinner he fell asleep downstairs, he said, and later heard "her say my name loudly, scream-

STEPS IN LAW MAKING. Taking a break from U.S. Senate night session, these senators relax on Capitol steps. From left: James E. Murray (D), Montana; Alexander Wiley (R), Wisconsin; J. Glenn Beall (R), Maryland. The session was longest of the year.

Test Vote Not Likely Before First of Week

Filibuster Charges Denied by Democrats As Oratory Continues

WASHINGTON (AP)—A paralyzing marathon debate kept the Eisenhower Administration's atomic bill deadlocked in the Senate today, with GOP leaders trying desperately to force a break.

Sen. Knowland of California, the Republican floor leader, filed a petition to invoke cloture—the parliamentary term for a time-limit muzzle on a non-stop debate—shortly after midnight.

But the four-times-round-the-clock session passed its 48-hour mark—interrupted by only a single 25 minute recess — without much sign the break was even in sight.

Monday Seen Earliest

Under the rules, a vote on cloture is impossible before Sunday morning, and Knowland said he does not look for it to come to a ballot before Monday.

This is the 10th day of debate, with the Republican leaders bitterly accusing principal Democratic opponents of a filibuster attempt to "sabotage both the bill and other important items on the Administration's legislative program in these closing weeks of the 1954 congress session.

The marathon session which began at 10 a.m. Wednesday morning broke off briefly during the wee hours. But 25 minutes later the orators were at it again, with no end yet in sight.

House Schedules Action

On the other side of the Capitol, House leaders gave up waiting on the Senate and scheduled a session of their own today on the omnibus measure which would revamp the basic 1946 atomic energy law. Debate in that body could be as bitter as the Senate's, but not as drawn out, for House debate-limiting rules are strict.

The Senate effort to curb discussion came shortly after midnight when Sen. Knowland of California, the Republican leader, filed a petition to invoke cloture. This would limit speaking time, though not stop debate altogether. The petition was signed by 38 senators, all Republicans.

Last Resort

No test can come on it before Sunday morning, and Knowland said he didn't expect one before Monday.

Knowland conceded the move was a last resort. Sen. Humphrey (D-Minn) accused the Californian of coming armed with "atomic political bombs" and said "he's going to drop one too many." Hum-

Farm Bill Seen Likely as Last Senate Action

Move To Adjourn By End of July May Find Legislation Unfinished

WASHINGTON (AP)—The politically explosive farm bill, pushed back on the Senate docket again under disputed circumstances, may be the final major business for the adjournment-bound Congress.

Sen. Aiken (R-Vt) said today he has no intention of trying to get Senate action on the farm measure until "next midweek, probably Wednesday." Aiken, chairman of the Senate Agriculture committee, added in an interview:

"All I want to make certain is that if there is no farm legislation at this session that I'm not going to take the rap for it."

Democrats Deny Delay

Aiken smiled away a blistering statement issued last night by Senate Democratic leader Lyndon B. Johnson of Texas which branded as "simply . . . not true" Aiken's assertion that Democrats forced a delay in Senate action on the farm bill.

Aiken called reporters to his office early yesterday and told them the Democratic leadership had served notice on him not to bring up the farm bill until next Tuesday or later.

Aiken said this might prevent any farm legislation because of plans to end the session next Saturday. Whether Congress will meet that target for adjournment is questionable.

Fires Back

Late in the day, Johnson fired back with a statement that Aiken had engaged in "distortions and inaccuracies." Referring to the all-night session the night before, Johnson said it was "the kind of misunderstanding that can arise when senators are too tired and weary to talk clearly."

If prospects for a farm bill are "dimming," as Aiken said, Johnson said this resulted from "the artificially imposed deadline of July 31st for congressional adjournment . . . imposed by the Republican leadership itself."

Johnson added that the "Democrats are ready to consider farm legislation at any reasonable time."

Senators Seek Clarification of Staffer's Status

Still in Dark on Why Defense Clearance Was Refused for Lavenia

WASHINGTON (AP) — The Senate Investigations subcommittee prodded the Pentagon again today to tell why one of its aides, Thomas W. Lavenia, was denied security clearance.

Sen. McCarthy (R-Wis), who appointed Lavenia as office manager and assistant counsel to the subcommittee, has invited both the Defense and Justice Departments to send spokesmen to a closed door subcommittee meeting for questioning.

Lavenia has said he was cleared to handle secret documents in 1952 while in another government job.

Meanwhile, Sen. Flanders (R-Vt) announced he will give the Senate a limited "bill of particulars" in a speech on July 30 or 31 to support his resolution of censure aimed at McCarthy.

He told reporters he plans to give the Senate "just a sampling" of his accusations that McCarthy as the subcommittee's chairman has been guilty of unbecoming conduct, and he added:

"To give every item in a bill of particulars would take until Christmas."

McCarthy, who has called Flanders "senile," has not commented on the Vermonter's move to have the Senate officially censure him.

William Frye, a publicity man, announced yesterday that 23 prominent citizens sent telegrams to "most Senate members" urging them to support Flanders' censure resolution.

Fire Destroys Kirby Elevator; Trains Held Up

Three Out-of-Town Departments Battle Early-Morning Blaze

FOREST—Three out-of-town fire departments fought a losing two-hour battle against a fire which burned the Kirby Grain and Supply Co. elevator to the ground this morning.

The loss ran into thousands of dollars.

Firemen from Forest, Wharton and Upper Sandusky fought side by side to save the tin covered grain elevator while the blaze raged on inside. There is no fire department in Kirby, which is seven miles east of Forest.

The blaze was discovered about 5 a.m. today by a railroad employe. The Pennsylvania Railroad tracks, which run past the elevator site, were blocked and trains were held up for about two and one-half hours while fire hose was laid across the tracks.

Nearby offices of the grain elevator were sprayed with water to avoid an outbreak there and firemen were able to save a telephone pole near the railroad tracks. However, some dispatcher lines were knocked down.

(Turn to FIRE, Page 10)

Reds Execute Beria's Deputy

MOSCOW (AP)—M. D. Ryumin, henchman of executed Soviet police boss L. P. Beria, has himself met death before a firing squad nearly 15 months after he was tagged with the blame for the "doctor's plot."

His execution was announced today by Pravda, the Soviet Communist party newspaper. Pravda said the Military Collegium of the Soviet Supreme Court tried Ryumin July 2-7 and ordered him shot on charges of forcing the doctors to "slander themselves and other people." It also accused him of treason.

(There was no explanation why the courts took so long to deal with Ryumin, who was arrested in April, 1953, as the scapegoat in the bizarre case.)

May Have Amnesia

Boy, 16, Picked Up Here Can't Remember His Past

A 16-year-old youth who appears to be a victim of amnesia is being held by Marion police while they search for his parents, other relatives or friends.

Described as "a nice looking boy," the youth was taken into custody by Erie Railroad police in the Erie yards Sunday. They charged him with trespassing and turned him over to city police for further action.

—:—

WHEN QUESTIONED by police and juvenile officers, the youth said his name was Will Carter and that he was from Braden Oklahoma. He gave a street address there as 23 Melrose Ave.

A check with the police department there turned up no one who knew of the youth or of any family by that name.

Police went back to questioning the boy again and this time were told that he had been in Oklahoma, California, Maine and Rhode Island.

As they talked to him, they detected a slight eastern accent in his speech, according to Juvenile Officer Virgil Campbell.

—:—

WHEN TAKEN into custody he was wearing green wool trousers, a khaki shirt and work shoes. He is about 16 years old, has dark brown curly hair, blue eyes, is five-feet seven-inches tall and weighs about 118 pounds. He has no identifying marks on his body.

Only clues to his past were numerous newspaper and magazine clippings and an amusement park good luck charm found in his pockets. He had no wallet, money, or other identification.

The clippings appear to be from eastern newspapers and are mostly of furniture advertisements. The good luck charm bears the inscription "Bing Carter L Betty Erickson."

He told Campbell, Police Captain Justin E. Cornelly, and Police Chief Thomas Coon, that he has five brothers and sisters and that he left home in January.

—:—

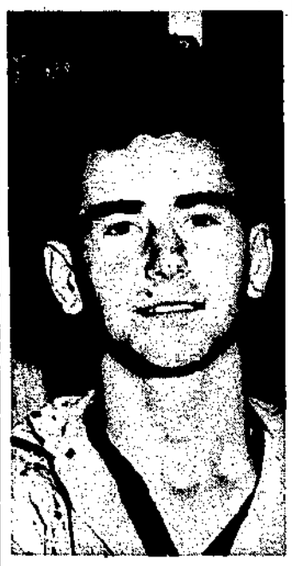
HE GIVES NO reason for leaving home and seems to be uncertain of everything relating to his past.

Police feel certain he is either from the east coast or from Oklahoma. He mentioned at one time that he had fished for speckled trout which would seem to indicate he is from one of the eastern states, Chief Coon said.

He apparently has lost considerable weight, and claims he has lived for several weeks on wheat spilled from box cars along railroad tracks.

He is being cared for at the Marion County jail and his fingerprints have been sent to the FBI in the hopes they may lead to his identity.

Chief Coon asked that anyone who may have any information as to the boy's identity contact him or the Marion Police Department.



IS HE WILL CARTER? Youth Suffer's Memory Lapse

U.N. Command, Reds To Exchange War Dead

MUNSAN, Korea (AP)—The U.N. command and the Communists will exchange bodies of soldiers buried behind enemy lines starting in September, it was announced today.

The bodies of war prisoners who died in POW camps also are to be exchanged.

Chrysler Plant At Detroit Idle After Walkout

Assembly Lines Join Main Plant Employes In Unauthorized Strike

DETROIT (AP)—All of Chrysler's Detroit automobile production was at a standstill today in the fifth day of a strike now idling 44,850 workers.

Assembly lines went down completely yesterday with the layoff of 8,850 machinists, motor builders and maintenance employes in mounting idleness from Monday's strike of 10,700 Dodge main plant employes.

Some 21,000 other Chrysler workers who are paid an hourly rate were still on the job today, many of them engaged in defense work.

All the affected employes are members of the CIO United Auto Workers. The Dodge main strikers walked out in protest of what they called a speed-up. Management denied there was a speed-up.

The only assembly plants left in

Martial Law Set

Guard Called To Enforce Order at City in Alabama

PHENIX CITY, Ala. (AP) — Residents of a city long hardened to violence stood by stunned today as stern-faced National Guardsmen enforced law under an unprecedented order issued by Gov. Gordon Persons.

The armed civilian-soldiers, hurried into the city by truckloads, relieved Phenix City law enforcement officials of their weapons as well as their duties yesterday when qualified martial law was proclaimed.

Unprecedented Action

The governor's action gave this once gaudy, bawdy river town of about 17,000 population the distinction of being the first municipality in Alabama history to have its entire law enforcement duties taken over by the military.

The stormy community of shady night clubs and gambling dens across the Chattahoochee River from Columbus, Ga., and sprawling Ft. Benning erupted five weeks ago when incoming Atty. Gen. A. L. Patterson was slain in an alley below his law office.

Crowds Assemble

Gov. Persons said he was invoking martial law to "surpress the state of lawlessness, intimidation, tumult and fear which reigns" in Russell County. He added that Phenix City officers have either been "unable or unwilling" to control tangled affairs here.

City and county law officers as well as private citizens were ordered to turn in all firearms and other weapons to the military command headed by Adjt. Gen. Walter J. Hanna.

Crowds of townspeople ringed

(Turn to PHENIX CITY, Page 10)

Food Prices Boost Living Costs Index

WASHINGTON (AP) — The government reported today that rising grocery prices forced the cost of living up one-tenth of one per cent in June.

The increase was small but it was the second rise in as many months and edged the index kept by the Bureau of Labor Statistics (BLS) close to the peak set last October.

Truce Will Go Into Effect at 7 P.M. Monday

SAIGON, Indochina (AP)— The French High Command announced tonight the Indochina cease-fire will go into effect in North Viet Nam at 7 a. m. Tuesday, July 27 (7 p.m. EST Monday, July 26), and in other Vietnamese areas soon afterward.

Sealed orders setting the hour for silencing of the guns in the North had already gone to the French headquarters in Hanoi, and presumably to the Communist-led Vietminh troops of Ho Chi Minh in and around the Red River Delta.

The high command said all offensive action by French Union and Vietnamese Army forces has been ordered halted throughout Indochina. They are to fight only defensive actions, and air operations have been reduced to bombardments in support of French posts the Vietminh are still attacking.

Vietnamese government buildings in Saigon flew flags at half staff to mourn the loss to the Communits of the northern half of the country after 7½ years of fighting and 2½ months of arguing at the Geneva Conference.

Viet Nam Premier Ngo Dinh Diem ordered the official flags halfway down, backing up his denunciation yesterday of the partition ordered by the Geneva cease-fire.

Group Offers To Help Mail Charter Copies

An offer to address and stuff envelopes for mailing copies of the proposed home rule charter to registered voters of Marion was made Thursday by the Marion League of Women Voters.

Mrs. Robert Axe, president of the league, made the offer in a letter to William G. Slack, Council president, after being authorized to take this action by the group's board of directors Wednesday.

In the letter, Mrs. Axe told Slack that "it has come to our attention that recent publicity indicates the mailing of the proposed charter to the voters will be hired out. As concrete evidence of our vital interest, we offer to do the addressing and stuffing for this mailing at no cost to the city of Marion."

After making a study of the home rule charter, the local league voted to support it.

British Plane Ditches Off Red Chinese Island

Six Americans Among Passengers Believed Rescued From Pacific

HONG KONG (AP)—A British Skymaster airliner, with 17 persons aboard and one of its four engine afire, ditched in the South China Sea near Communist-held Hainan Island today.

A U S Navy PBY flying boat quickly rescued eight survivors and recovered one body

Airline officials in Singapore said three other persons were picked up by a British Sunderland, but they had not reached here hours later.

Eyewitnesses said they saw three survivors picked up by a small boat—presumably a Communist craft

The PBY landed here and the survivors were taken to hospitals. No names were announced.

No Newsmen Allowed

Newsmen were not allowed to talk with the injured, many of whom sustained severe cuts and bruises Members of the PBY crew were not permitted to describe the rescue

Six of the 12 passengers were Americans—including five members of one family

Singapore headquarters of Cathay Pacific Airlines, operators of the four-engine Skymaster, said "all survivors" had been rescued and the search had been called off

Airline Manager Geoffrey Skeldon said he could not say whether additional persons had been saved or whether no more could be found.

Eyewitnesses aboard two commercial planes which saw the Skymaster crash land after one engine caught fire said scores of small boats and sampans put out quickly from Hainan and all aboard the plane probably were rescued unless some were trapped inside

Plane Sinks Fast

The plane went down within one minute, said British newsman Russel Spurr, who was aboard an Air Vietnam plane which circled the scene for 45 minutes.

Spurr said he saw a small boat pick up three persons from a life raft The three presumably are in Communist hands

Cathay Pacific identified Americans aboard the Skymaster as Capt and Mrs L L Parish and their three children of Los Angeles and P S Thacker, address unavailable

Three British citizens on the plane were listed as Mrs P M Thorburn, wife of a Hong Kong bank official Mrs H M Finlay, wife of the British consul at Medan Sumatra and Paul Yong Nam Ying a student

The Skymaster was en route from Singapore to Hong Kong via Bangkok when a port engine caught fire and the pilot ditched at 9 a m

The captain flashed an SOS before crash landing in the sea and rescue planes and ships converged on the scene from Hong Kong and the Philippines

For a time it was feared that rescue operations would be complicated by the proximity of Communist territory There was no indication from the U S PBY that it had encountered trouble in landing and taking off

HOME FIRES

FAIRFIELD Conn — (UP) — After fighting countless blazes without incident a volunteer fireman Harold J. McIntyre, tried to put out a fire at his own home He fell off the roof and was hospitalized

54 Nations Represented

World Parley on Cancer Opens Sessions in Brazil

By ALTON L. BLAKESLEE

SAO PAULO, Brazil (AP)—Scientists from 54 nations on both sides of the Iron Curtain launched a new joint assault today against cancer, which kills someone in the world every 10 seconds

The nations include Russia, the United States, Britain, Korea, Poland Brazil, Chile Greece Hungary—in fact almost any country you can name

Nearly 1,000 physicians chemists physicists biologists and other scientists are conferring here and exchanging their latest knowledge to mobilize better answers to the death and suffering from cancer

Sixth Congress

Their meeting ground is the Sixth International Cancer Congress which opened today in this booming Brazilian metropolis The congress last met in Paris in 1950

In the next week the delegates will listen to some 500 reports dealing with treatment, detection, new scientific research and public education concerning cancer

They also will meet informally, seeking from or telling to other men and women scientists the findings which might supply keys to the answers they and the people of their nations want

The cancer congress was formally opened this morning by Dr Antonio Prudente the congress president and head of the Brazilian Cancer Institute

About three million persons over the world fall victim to cancer annually, he said in his opening address.

Look for New Discoveries

Dr. Prudente said new promises from research in various fields offer great hope, and each new fact learned is potentially useful in solving the riddle

"I feel sure" he said "this congress, which brings together men of all races religions and political creeds shall fight for the same deal"—the ultimate triumph over cancer.

Prior to the opening session Dr George T Pack, of New York's Memorial Hospital told yesterday of a bold new operation to cure cancer of the liver In some cases he said the whole right lobe of the liver—75 to 80 per cent of the organ—had been removed by new surgical techniques After such operations, Dr Pack said, the left lobe regenerates and expands until the liver becomes nearly its original size.

Six of these operations have been performed in the past two years he said The first patient to undergo the new surgery is living and well today.

Views Conflict Over Flight of German Chief

BERLIN (AP)—The U S High Commission said today inquiry shows that Dr Otto John chief of West Germany's antisubversive forces has been "trapped" or "forced" into the East and now is being held in the Soviet sector of Berlin

Many West German newspapers expressed belief, however that John—the director of the Federal Office for the Protection of the Constitution—had defected to the Communists One big paper likened his disappearance to the cases of Alger Hiss, Harry Dexter White and Klaus Fuchs

Britain rushed two top counter-intelligence agents to Berlin to investigate John's disappearance from West Berlin Tuesday night London sources said the British government had canceled the codes it used to communicate with the West German regime, just in case John had the code books with him

But the official American statement backed up the theory of Chancellor Konrad Adenauer's government at Bonn The Federal Republic called John's disappearance an evident "abduction"

The U S declaration was issued after an investigation by public safety and security agents

The British press described the missing official as "the man with a thousand secrets"

Strike

(Continued From Page 1)

operation were those in Evansville, Ind and Los Angeles These two turn out about 20 per cent of Chrysler's normal production of Chrysler Dodge DeSoto and Plymouth cars.

The Dodge main strike lacks the approval of the UAW international union At the same time the international has taken no action on a demand by the company that the strike be declared unauthorized and a contract violation

A company spokesman said the strike may interfere with 1955 model changeover plans Before the Dodge main strike began, the company announced plans to close down in August for model changeovers

Smith Returns From Geneva

'Truce Best Available Under Circumstances'

WASHINGTON (AP) — Undersecretary of State Walter Bedell Smith, who represented the United States at the Geneva Conference said today the Indochina peace settlement was "the best which we could have possibly obtained under the circumstances"

Smith made the statement at the airport after flying back to report to President Eisenhower and Secretary of State Dulles on the Geneva meeting, as well as the talks he had in London last night with Prime Minister Churchill

The United States and Britain are making plans in consultation with other friendly governments, for an international conference in about a month to draft a Southeast Asia defense pact

The Indochina settlement, which Smith called the best possible divided the state of Viet Nam between the Communists and non-Communists and left Laos and Cambodia under their present government

Fire

(Continued From Page 1)

Firefighters said that if there had been a wind the whole village of Kirby could have been ablaze within a few minutes

Elevator manager Ray Overmyer said he had no idea what could have started the blaze Firemen believed it broke out on the ground floor Overmyer also was unable to give an estimate of the loss

Overmyer said there were loads of corn and wheat and sack feed in the elevator The loss is partially covered by insurance

In addition to Forest Fire Chief Morres Burk, Wharton Chief Raymond Baker and Crane Township Chief Wallace Brinman's crews, Elmer Ropp of Forest hauled water in his truck to fight the flames

The Great Pyramid of El Giza in Egypt, built by King Khufu (Cheops) between 2656 and 2633 B C, is the largest and most enduring tomb monument in history says the National Geographic Society.

Marion Man's Will Attacked In Court Action

Action to set aside the will of the late C Marion Brown has been filed in the Marion County Common Pleas Court by a son, Guy Brown of near Salem

Named defendants are Madora Brown of 770 Nelson St the widow, and Floyd Brown of Flint, Mich Ethel Calentine of Athens, and Jennie Mace of Columbus, described as heirs and legatees, Mary Hall of near Pinconning, Mich, Leslie Brown of Athens, Elizabeth J Reed of Columbus, Irene Waldren of Grove City, Pauline Harter of Washington C H Marabel Rayburn of London, and Dwight Brown of Columbus, described as heirs, the Foreign Mission Department of the Pilgrim Holiness Church of Indianapolis, Ind and the Oriental Mission Society of Los Angeles Calif and Lillie Lusk of 134 DeWolfe Ct, as executrix of the estate.

The plaintiff's petition states that C Marion Brown died on Jan 3 1954 and on January 27 a paper purporting to be the last will and testament was admitted to probate with Lillie Lusk appointed executrix The son filing the suit claims that this document signed Nov 3, 1953 is not his father's last will

The estate's net inventory according to papers filed May 25 by the estate's appraisers, is valued at $22 508

The will stipulates that the deceased left to his wife all his real property for her use during the remainder of her lifetime At her death his children, Floyd Brown, Ethel Calentine and Jennie Mace, and the two religious organization, are to receive equal shares

Representing the plaintiff are the law firms of Fitch and Kendall of Salem and Guthery Harmon, Conkle and Gracely of Marion.

Atomic

(Continued From Page 1)

phrey an opponent of many features of the bill said progress was being made yet "now we have the final weapon used against us"

Knowland has accused Liberal Democrats" of conducting a filibuster against the measure and of tactics of "pure obstructionism" against the uncompleted portions of President Eisenhower's legislative program Most opponents of the bill have disputed that, saying the debate has been confined largely to the issues"

Generally, the bill would allow the United States to share with its Allies some limited information on atomic weapons, and would open the way for private industry to develop peaceful atomic power

Takes 64 votes

Sixty-four senators must vote for cloture before the Senate's rule of unlimited debate can be set aside That is two-thirds of the full 96 members Cloture never has been imposed under present Senate rules

And with the Senate almost evenly divided between Republicans and Democrats Knowland's chances of succeeding in his debate-limit move seemed slim Humphrey commented it would be "tough" to get the 64 votes

Opponents of the administration bill scored an upset victory last night when the Senate voted 45-41 to allow the federal government to go into the commercial production of electrical energy from atomic fuel

A preview of the House debate came from Rep Holifield (D-Calif) who said in an interview he and other Democrats intend to make a fight on some of the same issues which have kept the Senate tied up for 10 days

Seven million dollars in parking meter revenue was collected in 1953 by 115 New York state communities, the New York State Automobile Association reports.

Effort To Clear Officer Started At Army Trial

Prosecution Calls Nine To Tell of Punishment In 92-Degree Weather

FT DIX N J (AP)—The defense went ahead today in its effort to clear 1st Lt Robert S Morgan of a charge that he permitted his company of Army trainees to be held at attention for an hour in wilting heat

Nine prosecution witnesses took the stand yesterday at the opening of Morgan's court-martial trial on charges of "dereliction of duty"

Fainted Three Times

One of them was Pvt. William Brooks 20 of Hempstead N Y who told the eight-member court-martial board he fainted three times during the forced attention period June 21

Morgan 28 of Wilkes-Barre Pa is accused of having allowed Company "L" 272nd Infantry Regiment to be forced to stand at attention in 92-degree heat as punishment for a breach of discipline Several men were said to have fainted

As the court martial got under way Morgan pleaded innocent to the charge His administrative assistant 1st Sgt Richard J Witbeck 24 of Wellington Ohio will be tried separately on a charge of maltreating the men in the incident

Carried To Barracks

Brooks testified that he was revived by splashes of cold water each time after he lost consciousness He said that when he fainted the third time he finally was carried to his barracks

When the prosecution concluded its case the defense took over by reading a deposition from a former member of the company who has since been discharged

The deposition from ex-Pvt Bayard Stockton of Colorado Springs, Colo, said he did not notice any men fainting during the hour-long formation, but that he did recall seeing one man lying on the ground

Stockton declared that the men were discouraged over the fact they received no passes after four weeks of training but that they were not bitter against Lt Morgan

If found guilty, Morgan faces a possible sentence ranging from an official reprimand to forfeiture of two-thirds of his base pay for six months

Phenix City

(Continued From Page 1)

the courthouse and police station during Thursday afternoon's steady drizzle as word spread around that the old order was changing

But as night came the once teeming streets were almost deserted Before midnight guardsmen hauled in five persons on charges of being drunk—a fair average when rowdy Phenix City was the playground of Ft Benning the world's largest infantry training center.

Twenty-seven firearms of various types were collected from the 25-man police force eight of them from Police Chief Pat Daniel He surrendered seven revolvers and a machine gun

State authorities said more than 100 National Guardsmen and about 25 state patrolmen are enforcing the governor's edict, but they would not give the exact number

Gov Persons said he hoped the action would hold down fear of reprisals by witnesses called before an emergency grand jury impanelled Wednesday to investigate the Patterson slaying and other wrongdoings brought to light by the intensive search for the slayer

Russell County's judicial setup has already been revised Circuit Solicitor Arch Ferrell has been relieved of all official duties and Circuit Judge J B Hicks was replaced for the grand jury probe with Circuit Judge Walter B Jones of Montgomery president of the Alabama Bar Assn

The governor promised to keep martial law in the strife-torn town indefinitely—if necessary even for the rest of his administration which ends next January

Airport

(Continued From Page 1)

members of the Indiana delegation asked questions about the financing, construction and operation of Municipal Airport The questions were answered by Mayor Robinson, Ralph Forrest, safety-service director, Hugh E Webster, secretary of the Chamber of Commerce, Elmer Shaw city auditor, Charles Whysall of the Marion Pilot's Association, Dwight Mahaffey, agricultural representative of Morral, and C E A Brown

Forrest told the group the local airport is self supporting with income last year of $10 000 and expenses of $6,700 Webster noted that airports are a necessity to any community which hopes to grow and bring in new industry.

Numerous other questions were asked and answered after which the Indiana group was taken on an inspection tour of the airport Their visit concluded shortly after 3 p m when they boarded the chartered plane for the return flight back to Indiana.

SHEPPARD TESTIFIES AT INQUEST. Wearing dark glasses and a neck brace Dr Samuel Sheppard (top) testifies at a Cleveland inquest that his wife Marilyn was murdered by a bushy haired man in their Bay Village, O home The osteopath also said that there wasn't any serious discussion about a divorce before his wife was killed With the Cleveland police in charge of the investigation Police Chief Frank Story (left) huddles with chief of detectives James McArthur during the inquest

Inquest

(Continued From Page 1)

ing my name It wasn't actually a scream I really can't explain it"

He said he ran upstairs, grappled with a white form of an individual" heard his wife moaning loudly and felt that he was struck down from behind.

Wears Brace

The doctor—wearing a brace supporting his neck which he said was injured in the scuffle—recounted seeing a "figure in the front door or on the porch or possibly beyond . . ." and pursuing "this form as best I could"

He said he tried to tackle the fleeing figure and felt twisted or choked and that's all I remember at that time"

Earlier he told of spending a week last March at Los Angeles as the guest of Dr Arthur Miller while taking a post-graduate osteopathic course

Miss Susan Hayes 23-year-old Downey Calif, medical technician, for whom he later bought a watch was a house guest there at the same time he said The watch was a replacement he said for one she lost while they attended a wedding at San Diego.

Wife at Ranch

His wife—who was four months pregnant at the time of her death—was with friends at a ranch near Monterey, Calif, while he was in Los Angeles he told the coroner

Questioned by Dr Gerber the osteopath denied there had been difficulties over his being at the Miller home

Others who testified yesterday were Mr and Mrs Don J Ahern, who had dinner with the Sheppards the night of the murder Mrs Ahern said Mrs Sheppard had told her about the watch and that she had asked Mrs Sheppard "did it upset you is there anything to it"

She quoted Mrs Sheppard as replying, no I don't think there is"

Ohio Farmers Vote on Wheat Quotas Today

COLUMBUS Ohio (AP)—The federal Commodity Stabilization Service here will compute the votes of some 25 000 Ohio farmers in the wheat marketing quotas election today

County agents have been told to speed their counts to the Columbus office when the voting ends late this afternoon

Officials of the CSS office said they did not expect to begin receiving results until after 5 p m (EST) today

Ohio farmers eligible to vote on the question of whether to fix ironclad quota controls on their 1955 crop are those growing more than 15 acres of wheat

Two-thirds of the farmers voting must approve quotas if they are to become effective If approved, farmers abiding by acreage allotments for wheat and other crops carrying allotments will get the top support price for their wheat next year, something between 80 and 90 per cent of parity If quotas are rejected, the government will guarantee only 50 per cent of parity

More than 35,000 New York state youngsters belong to AAA-sponsored School Safety Patrols.

Camp Facilities Memorials to Heroes of 37th

CAMP PERRY Ohio (AP)—Four target ranges and four camp buildings were dedicated today as permanent memorials to the eight members of Ohio's 37th Infantry Division who won the Congressional Medal of Honor

Gov Frank J Lausche Maj Gen Robert Beightler World War II commander of the division and a host of other dignitaries came here for the ceremonies

Cleto Rodriguez the only living member of the eight travelled from his home in San Antonio Tex to attend the dedication

Rodriguez and a companion killed more than 82 Japanese during an attack on the Paco railroad station in the battle for Manila in 1945 Rodriguez was a technical sergeant at the time

The other Medal of Honor winners were Pfc Frank J Petrarca of Cleveland Pvt Roger W Young of Tiffin Lt Robert M Viale of Ukiah Calif Pfc Anthony L Krotiak of Chicago Pfc John N Reese Jr of Pryor Okla Pfc Joseph J Cicchetti of Magnolia Ohio and 2nd Lt Albert E Baesel of Berea

All of the awards were earned in World War II except for that of Lt Baesel who won the honor in World War I

The dedication ceremonies took place as the 37th Division prepared to conclude on Sunday its first summer field training program since the unit returned from active duty two years ago.

Lumber Treatment

MADISON Wis — (UP) — Dr J A Hall director of the U S Forest Products Laboratory here, says a single sheet of resin-soaked paper glued to each side of a white pine board can cut the board's swelling by nearly one-half

Hall said the paper hides knots, pitch pockets stains and even narrow splints in the lumber

CITES TANTRUMS. "The foreign girls are too temperamental and are always "throwing tantrums because they don't get the freedom they desire" says Barbara Joyce Randa 'Miss Ohio" in the 'Miss Universe" contest, where she is shown at Long Beach, Calif Barbara Joyce is from the town of Painesville.

Burke Wants Bender To Aid Marine Major

CLEVELAND Ohio (AP) —Sen Thomas A Burke has publicly invited his Republican opponent in the November senatorial race to help reinstate a Marine Corps major in his Cleveland job

The major James P Young has been relieved as head of Marine Corps recruiting here and put on orders for overseas duty Marine spokesman said he had acted unwisely

Maj Young had posed some Marine recruits with Burke on the steps of the Capitol Building in Washington After Burke's opponent Rep George Bender complained to Young he arranged a similar photo with Bender in it

Only the picture showing the Democratic senatorial nominee appeared at first in Cleveland newspapers

Bender said he had protested to Young but denied having anything to do with the transfer

The senator telephoning a statement from his Washington office to the Cleveland Plain Dealer said Bender should join with me in asking that the Marine Corps take a second look at the incident and reinstate, this major in his Cleveland recruiting office"

A veteran of 16 years in the Marines Young holds the Silver Star and Purple Heart His transfer is slated for about Aug 23

Damage Suit Asks $22,930

Akron Resident Files Action in Local Court

A $22 930 damage suit resulting from an accident in Union County on Sept 7, 1952, has been filed in the Marion County Common Pleas Court by George Carter of Akron Names defendant is Carmine Cutarelli of 364 Pearl St

In his petition, the Akron man says that he was driving a tractor and a loaded trailer heading south on Route 4 just outside Marysville when the defendant heading north, crossed over into his line of traffic and collided with the tractor

Carter claims he sustained a severe bruise behind the right ear and became unconscious and also sustained severe bruises to his legs and back His tractor was damaged to the extent of $2 930 Carter claims

He is represented by W Howard Fort of Akron

Cool Air Mass Gives Relief to Most of Nation

By The Associated Press

Surges of cool air from the Northeast put a pincers squeeze today on remnants of the nation's July heat wave

The main bulge of cooler air pushed rapidly southeastward over the Rockies and the Plains and into northern Oklahoma, the Texas Panhandle and northern New Mexico

The second cool front dipped to the southern border of Virginia and Kentucky

Temperatures were 10 to 29 degrees cooler than the previous day over eastern Montana, Colorado the Dakotas, Wyoming Nebraska and the northern two-thirds of heat-baked Kansas

Plus 100 degree readings were recorded again Thursday in Missouri, Kansas, Oklahoma and Arkansas, before the arrival of cooler air

This area bore the brunt of intense heat which has caused at least 324 deaths in the nation in the last 16 days

Temperatures of 95 to 105 also prevailed through the gulf states

Badly needed rainfall continued throughout the night and early today in western Kansas western Oklahoma and southeastern Colorado

Changes in County Government Asked

CHICAGO (UP) — The county as it usually is organized is poorly suited to assume the municipal functions often demanded of it nowadays in the opinion of Victor Jones professor of government at Wesleyan University, Middleton Conn

Jones expressed the view in Public Management, monthly magazine of the International City Managers' Association, basing his conclusion on information about the governmental activites of 174 U S counties with 100 000 or more population

About 65 per cent of all counties are governed by a board of supervisors or commissioners, responsible for activites specifically imposed on them by state legislatures and constitutions

For the nation's 2 800 rural counties the traditional "magisterial" form of government may be satisfactory, Jones said But for the 174 urban counties, which account for nearly half the nation's population, a "managerial" form of government is needed

"This will require the establishment of a representative and responsible county legislative body, the creation of a county executive, and the organization of county work in units responsibl through the executive to the county legislative body," Jones said.

Misfits

By George Sokolsky

Like most others of my ilk — to use an expression so often hurled at me — I frequently write about the State Department and its people. By and large, these past 38 years, I have seen much of those connected with this organization in various parts of the world. Among them have been my best friends; others were routinized dopes who pompously bespoke the importance of their positions. However, I go on using the term State Department as thought it were something personalized, as though all its employes were the same. We sometimes talk of them as cookie-pushers or cast aspersions on their striped trousers.

SOKOLSKY

Recently, I was caught up short while reading Robert T. Oliver's "Why War Came in Korea."

-:-

IN NO MANNER relating to the Korean War, appears this long paragraph:

"One thing people forget when they try to discover what ails the State Department is that its employes are individuals pretty much like everyone else. They range in ability from clerks able to earn $1,800 a year to administrators who can command $10,000 or more. They have their prejudices and special interests and their own quota of ignorance. Most of them are not supermen afire with zeal to reform the world (and some who are have drunk their draught of inspiration from the wrong bottles), but simple family men who want security and a living wage. Some are industrious and some are lazy. Most of them do their assigned work with a decent conscientiousness. Some work their hearts out and ruin their health to serve the needs of this tragic time, and others (like the great bulk of the rest of the citizenry) want to close up their desks when the clock strikes five and go home to their hobbies and their families."

What is true of the State Department is true of the Pentagon, the White House, and every other department of government. Some of their employes are just plain people, who are not concerned with high policy, just with doing their work sufficiently well to keep their jobs.

However, in the State Department, if a fellow wonders what he and the wife will do tonight, play Canasta or look at TV, the question must nevertheless arise whether he is sitting over documents which have to be evaluated wisely because the data contained therein may affect national policy of great importance.

-:-

I HAVE SEEN many State Department officials in my days in China who wrote brilliant reports which somehow reached the morgue very swiftly. Once put in the dispatch bags to Washington, they were lost or forgotten.

I recall one consular official, a young man, who, back in 1925 or 1926, wrote the most complete report on Communist activity in China that anyone had done up to that time.

I was called in to read this document. I was then writing articles on this and kindred subjects for the "China Year Book" and was considered something of an expert until the Institute of Pacific Relations gained a monopoly on Far Eastern experts.

This report was so complete a history of Communist activities in China that it could be useful even today, because the very young people he wrote about then have now become the rulers of that country.

It would be of value to see what they were like at the beginning of their careers. The present leaders of Communist China were then already active.

-:-

THIS DOCUMENT must have been handled by one of those $1,800 a year clerks or maybe by the scrub women, as no one could possibly have read it and believed, as important men did in the 1940s, that these same Communists, trained in schools in Russia and thorough Marxists, were "agrarian reformers."

If anyone committed a crime against the United States in those days, it was the smart young men who invented and propagated the Aesopian term, "Agrarian reformer," to confuse our policies if not our minds.

Perhaps similar documents were buried when the State Department moved out of its ancient headquarters.

It is, however, good to be recalled to reality, to be reminded that there are those in the State Department who eat steaks instead of cookies, who wear T-shirts instead of striped trousers, and who play with their babies instead of with the trifles of diplomacy.

House Okays $4 Million for Air Base Site

WASHINGTON (AP) — The House has approved spending four million dollars for 4,250 acres of land in Northeast Ohio for a new Air Force-Navy Reserve training center.

The exact site, it turns out, is uncertain.

The item was one of many in a half-billion-dollar military construction appropriation approved by voice vote yesterday.

The base, chiefly for weekend fliers, is expected to cost 13 million and be located somewhere in the Cleveland-Akron area.

During debate, Rep. Ayres (R-Ohio) said it might "ruin" his chance of reelection if the base is placed in Medina County in his district. He said he understands the military is looking elsewhere, possibly even east of Akron, nearer to Youngstown.

Rep. Davis (R-Wis), who heads one appropriations subcommittee that approved the four million, said he did not know there was any doubt the land would be purchased.

It was his understanding, he told Ayres, it would be 13 miles northwest of Akron, which would place it just south of Medina, Ohio.

Ohioan Gets 60 Days In Attempted Baby Sale

TOWSON, Md. (AP)—Frank McRoberts, 22-year-old farm laborer from Painesville, Ohio, is under a 60-day jail term for trying to sell a baby daughter for $200 and a four-year-old stepdaughter for $75.

A Baltimore County policewoman who posed as a prospective purchaser testified McRoberts told her:

"I would have to get $200 for the baby because she is my own flesh and blood."

McRoberts and his wife were tried yesterday on a technical charge of contributing to the delinquency of a minor. Mrs. McRoberts was placed on probation for a year.

OHIOAN HURT IN CRASH

ATLANTIC CITY, N. J. (AP)—Airman Richard Obenhock of Akron, Ohio, was reported in serious condition aboard the carrier Antietam today after being injured Wednesday in a plane crash. The Navy Douglas Skyraider crashed into the ocean after takeoff from the carrier. Obenhock, a crewman on the plane, freed himself from the wreck and was rescued by a helicopter.

In the Know

By Victor Riesel

LONDON

There are American military men who recall that one day in 1944 they were quietly summoned by their British colleagues and taken down beneath London to a subterranean city, poured in concrete, equipped with scientific labs, troop quarters, gas analysis systems, beds, blankets, six months of constantly refreshed provisions and air transformer machinery to renew the atmosphere every 24 hours.

RIESEL

The American officers first went down a spiral staircase. Then into an elevator for 300 feet more to a gas and bomb proof underground city in which the prime minister could operate; and armed forces commanders could control aircraft across the islands and keep in constant radio communications with the Dominions — and the rest of the world allied to Great Britain.

This was so secret that only a few of the American high command, or even those over to 20 Grosvenor Square — Ike's headquarters—knew of the secret city. Or know of it today.

There are men in England who insist that the Communists knew of its existence from the very first moment the first bit of electrical equipment and radio communications were installed. Intelligence sources here say that there is nothing which involves any electrical installation or construction of which the Communists don't know —super secret or not—within a few hours.

-:-

THERE IS, in fact, one report, written this past March 23 for an important agency, which says that the Communists' control of England's electrical workers could "neutralize Britain in a week."

That's a frightening, sweeping statement! But it was made by a most authentic observer to a most respected institution — which in turn sent it on to U.S. Intelligence, it is logical to assume.

The exact words were:

"In an ultimate phase an electricians' strike could shut down broadcasting and telegraphy, close all power stations and neutralize Britain in a week."

Further in this report there is the statement:

"If Gen. Gruenther thinks he will have trouble only with French and Italian communications, he might glance at ours (Britain's). Everything west of the channel could be slit for at least the first vital 12 hours of the emergency and much of it may actually be blown up."

The reference was to the Communist workers in the British electrical field. Both the British Trades Union Congress — which has a terrific anti-Communist section under an energetic assistant general secretary, Victor Feather — and the British security forces are working hard to keep these Communist technicians under control and under constant surveillance.

-:-

ABOUT 350 DANGEROUS Communists are shadowed a good deal of the time, and their whereabouts and activities are known to the security forces virtually all the time.

But no more than we have succeeded in driving a strong rank and file away from Sovieteers controlling parts of our electronic industry and the mining and smeltering of vital war metals and uranium—no more than we, have the British been able to crack the Comintern hold on such workers.

The Communist controlled Electrical Trades Union here, working closely with a union called the Association of Scientific Workers, has or had its hard core activists at or in on the secret construction of:

Three atomic energy plants, including the ultra - sensitive one at Aldermaston which is vital to joint British-American defense plans.

Four airfields, including London airport and Royal Air Force stations. An armored tank factory. Three vital refineries. Two factories and one steel plant in classified work.

THE HAWKER aircraft factory, construction of which, they shut down in Sept. 1953 with a guerrilla strike just when Britain had broken the world's air-speed record with its Hawker-Hunter jet.

As recently as January 1954, this union pulled what were, in effect, political strikes during the construction of several war-strategic sites, including a huge plutonium plant.

They added a flash stoppage at the BBC television installation.

These two series of strikes are estimated to have cost Britain 1,050,000 working days on strategic plants — and some desperately needed 3 billion dollars.

Yet this British Communist party has only 35,000 members.

Just 10,000 more than we have. But they reach into atomic plants, our own atomic bases, into arsenals, into the scientific labs, into the labs at the University of Birmingham, especially. They can do more damage to this beautiful island than the Blitz — or anything short of an invasion, I'm told.

I just thought you'd like to know so you'd have these facts handy next time some one tells you not to get excited about our own 25,000 revolutionists.

(Post-Hall Syndicate)

Wife Material

By Hal Boyle

NEW YORK

If I were a bachelor yearning for the matrimonial yoke, I do believe I'd head for Manhattan this weekend.

HAL BOYLE

Some 2,000 business secretaries are here for their annual convention, and I don't know where else in America at the moment a man could go if he is searching for the right girl to love, honor and disobey the rest of his life.

For the business office today is the best of all training grounds for wifehood. Any girl who can run an office efficiently can operate a home at half-throttle.

-:-

AS I SEE IT, a good secretary has about all the advantages even the most cautious bachelor looks for in a wife, to wit:

1. She can sew on a button.

2. She has learned to keep her trap closed about confidential matters.

3. She knows when to get a man a cup of coffee, and when he prefers aspirin.

4. If she isn't a beauty, she at least knows how to put her best foot forward. She is neat, orderly and well-dressed.

5. She knows how to arrange flowers.

6. She has learned to take dictation from a boss, and therefore a husband can at least hope she will pay some attention to what he says —if only throgh the force of habit.

7. She has the ability to budget money and get the most out of a small income.

8. She can fill out your income tax, and write diplomatic letters of refusal to all the relatives who try to borrow money from you.

9. Any girl who can change a typewriter ribbon successfully probably can learn in a few months to fix your television set, too. The repair bills she saves will in time pay for the cost of the wedding and her subsequent upkeep.

-:-

EVERY YEAR the American girl secretary is getting brainier, better looking and more of a matrimonial bargain.

Jerry Wald, space consultant for the Art Metal Construction Co., office equipment manufacturers, is my authority here. His job is to measure offices for secretaries (and secretaries for offices), and after a national survey of the field he came up with this observation:

"The average secretary today can accomplish more work in two hours than one in the Gibson girl generation could in an entire day. Physically, she is smaller in size, and in the office occupies one-third the amount of space given her sister of 20 years ago."

-:-

A THRIFTY BACHELOR can see the obvious advantages here: If he marries one of the new pony-model secretaries she will eat less food and fit in a smaller apartment than say a buxom lady weightlifter or the center on an all-girl basketball team.

And, of course, if he wants to keep his bride on the job while he himself stays home and pursues his hobbies, he won't overlook the fact that secretaries have pretty good take-home pay, although of course they don't get what they deserve.

"Executive secretaries have an average salary ranging from $50 a week in Alabama," says Wald, "to $82 in Tulsa. They average $75 in Los Angeles and $72 in New York."

All of which boils down to the following sensible tip to any sensible bachelor:

"Don't let your boss marry his secretary. She's too good for him. Beat him to the punch. Marry her yourself."

As a matter of fact, if the boss has a particularly efficient Girl Friday and hates the thought of losing her, you can even use a little polite blackmail on him by saying:

"Look, boss, either you give me a raise in pay — or I'll marry your secretary."

Either way you win.

Business Battle On

Big Increase in Mergers Marks Stiff Competition

By SAM DAWSON

NEW YORK (AP) — Mergers are flourishing these days as business firms realign themselves in the big competitive battle for your spending money.

Auto companies have been joining forces—and there's talk of still more mergers in this field still dominated by the big three.

Banks in many parts of the nation have been merging, or readying plans to merge.

Textile company realignments have spiced the business news for weeks, as this harassed industry seeks ways to cut costs and lure enough consumer dollars to go around among its many small companies.

Other industries—paper, machinery, gas, to name a few—also report merger moves under way.

Since mergers make big ones out of little ones, the whole question of "big business' is likely to be kicked around this year.

—:—

FEDERAL AGENCIES are reported looking some of the mergers over, to see if the anti-trust laws are involved. Competitors of the newly formed or enlarged concerns may feel increased pressure on sales, or more difficulty in getting raw materials, if the bigger firm takes a dominant position. If the competition hurts, they can be depended upon to squawk about the mergers.

The New York Stock Exchange is reported looking into some of the stock trading that has accompanied or brought about some of the mergers.

When the mergers might mean the closing of some plants and the concentration of the newly enlarged company's activities in other plants, communities affected may raise a protest.

But mergers offer many advantages in certain industries.

Take banks. More than 700 commercial banks have been absorbed into other banks in the last eight years. But the banking facilities for the nation, bankers say, hasn't been cut, because during the same years almost as many new ones started up, and the opening of new branches had added about 2,000 banking offices to the nation's total.

—:—

SOME OF THE mergers have been for economy of operation, or to acquire a bank with branches in good locations, or to diversify the kinds of services offered.

Personnel problems have also been a spur to bank mergers. The depression and the war years thinned the ranks of young executives and many banks now complain it's hard to get efficient management. So they merge and make one good man serve two banks. Or they merge to be able to afford specialists in the increasingly complex banking business.

In the textile mergers, one advantage usually stressed is diversification — with many types of products a firm is hurt less from shifting style trends. Another is that in developing a broad range of products a firm can build up the appeal of a brand or company name. Costs are cut by having one sales force do the merchandising for two or more.

Another advantage is financial. The industry's earning record isn't too hot just now. But the assets value of many companies are much better than present earnings indicate.

And the costs of replacing plants at present inflated prices make an old company's facilities look like a bargain to any concern wanting to expand.

The asset value of many companies in a number of industries is higher than the market value of its stock, according to Wall Street traders. And some mergers are based more on acquiring these assets than on earning prospects.

A TIRED PRODIGY. Shigeo Watanabe, Japan's 12-year-old violin virtuoso, wipes perspiration from his face at conclusion of a successful recital in the Japanese capital.

Grange News

BETHLEHEM

Activities postponed last week because of the storm will take place at the Wednesday, July 28, meeting of Bethlehem Grange. The meeting is scheduled for 8:30 p.m.

At this time, miscellaneous showers for two newly-married couples, Mr. and Mrs. Clarence Gruber and Mr. and Mrs. Leroy Sharp, will be held. A sewing contest, featuring a one-piece cotton housedress for women and two-piece pajamas for girls, will be conducted. The program will be handled by the youth committee and refreshments will be served by Mr. and Mrs. Lowell Beringer and Mr. and Mrs. James Halm.

—:—

PROGRESSIVE

Howard Click, master, presided Tuesday night at a meeting of Progressive Grange, held at the lodge hall. Degree work was given several candidates.

A sewing contest was held with top honors going to Mrs. Jack Danner and Miss Eleanor Mitchell taking second. Mrs. Frank Steffan served as judge. The program was in charge of Mrs. Martha Crabtree, lecturer, and included a skit by Eddie Mack and Charles Knickel and a piano solo by Mrs Lucille Cochrell.

Dr. Kenneth Keever was speaker and led a discussion of the Magnetic Springs Polio Foundation. Robert Allen, Richwood attorney, assisted Dr. Keever.

Refreshments were served by a committee made up of Mr. and Mrs. Arthur Smith and Mr. and Mrs. Frank Wilson. The next meeting will be held Aug. 3.

FBI NABS OHIOAN

MIAMI, Fla. (AP)—The FBI yesterday reported the arrest of Earl Martin Oppy, 39, of South Webster, Ohio, on a charge of embezzling $1,354 from the Portsmouth, Ohio, Moving and Storage Co. Oppy, who worked as a moving man, was accused of delivering shipments in Florida and keeping money he collected. He was arrested at Orlando.

$750,000 Fertilizer Plant Slated in Morrow County

MOUNT GILEAD—A $750,000 fertilizer plant of the Ohio Farm Bureau will be located in Washington Township, Morrow County, it was announced today by Robert Wehr, manager of the Farm Bureau Cooperative at Mount Gilead.

The plant will be located on a 29 acre site on the Norman Helle farm, about a mile south of St. James on the Big Four Railroad and about a quarter mile west of State Route 61. In addition to the railroad facilities it has main line power and county road facilities.

—:—

THE PLANT WILL be the most modern fertilizer plant of its kind in Ohio and will employ approximately 25 persons.

Surveys and soil drillings were completed at the site several weeks ago by engineers for the Farm Bureau Co. Although most of the land on the area consists of glacial till, it was described as suitable for the plant requirements.

The plant will be located in the Washington - Bloomfield (Iberia) School district. It will have a capacity of 70,000 tons annually of pellet type fertilizer. The plant will also have a storage capacity of 10,000 tons of finished fertilizers.

—:—

ACCORDING TO Wayne H. Shidaker, vice president of operations for the state association, construction will begin immediately on the site. It will be designed and built by the A. J. Sackett and Sons Co. of Baltimore, Md. The plant will be completed and in full scale production by July, 1955, Shidaker said.

Construction of the plant will make a total of six fertilizer manufacturing plants owned and operated by FBCA in Ohio. Existing plant are located at Alliance, Dayton, Glendale, Marietta and Maumee.

The plant will serve farmers from 15 counties in the area, within a 50-mile radius of Mount Gilead, Shidaker said.

Traffic Cases

Fines totaling $105 were assessed seven drivers in Marion Municipal Court Thursday on various traffic charges. All the fines were $15 and costs with one suspended by Judge W. Dexter Hazen. Albert C. Morgan, 52, of near Marion was given the suspended fine on a charge of failure to register a motor vehicle.

Other dispositions were:

Robert E. Hindman, 23, of near Edison, reckless driving; Boyd H. Dawson, 25, of near Mount Gilead, reckless driving; Evelyn L. Porter of West Mansfield, no operator's license; Robert M. Palsgrove, 26, of West Mansfield, permitting an unlicensed driver to drive; Jacque E. Frantz, 25, of Shelby, passing in a no passing zone; and Lloyd H. Greenawalt, 45, of Columbus, no turn signals on truck.

District Traffic Cases

Four motorists were arrested and fined in Morrow County for traffic violations in the past 24 hours, state patrolmen from the Marion post reported today.

Two of those arrested were brothers traveling in separate cars, according to patrolmen. They were James B. Boyd, 19, and Clifton E. Boyd, 28, both of Cleveland. They were both fined $10 and costs by Justice of the Peace Richeson of Cardington on charges of crossing a yellow line on U. S. Route 42.

The other two were Carl J. Barry, 49, of Cincinnati who was fined $15 and costs for crossing a yellow line, and Marion V. Brelsford, 42, of near Prospect who was fined $30 and costs on a speeding charge. Both were taken before Mayor Don Healea of Cardington.

Patrolmen also reported today that Raymond Fattig, 23, of Galion was fined $25 and costs by Mayor Emery Murphy of Mount Gilead for failure to stop after an accident involving property damage. Fattig was arrested when he left his car Sunday night after it crashed into a bridge on a Morrow County road.

Council Discusses Limited Parking on Mt. Gilead Streets

MOUNT GILED—Limited parking restrictions for certain downtown areas were discussed at the regular meeting of the Mount Gilead village Council this week.

Two-hour parking limits are being readied for parts of Marion, High and Main Sts., it was announced. In addition, a limited number of 15-minute parking zones will be established. Legislation necessary for enforcing the new regulations is now being drawn up.

Warren McClelland was low bidder on the construction of a machinery shed for storage of village equipment. The shed will be 30 by 60 feet and will be located at the village sewage plant. Cost will be $2,932 and the completion date is Sept. 15.

Additional bituminous treatment will be applied yet this summer to Cherry St., north of the school, Park Ave. and Westview Drive. The treatment will give the streets an all-weather hard top surface. Fixing of curbs on North St. between Main and Cherry was also discussed at the meeting.

The ancient Roman empire at its peak had a standing army of only about 300,000 men.

DALE BROWN
Bank Vice President

Public Relations Expert To Talk to Marion Rotarians

Dale Brown, assistant vice president of the National City Bank of Cleveland in charge of public relations, will be the guest speaker at Tuesday's meeting of Rotary Club.

Subject of his talk will be "Why Being Nice to People Pays Dividends." He will be introduced by Francis Huber, program chairman.

Brown is a graduate of Western Reserve University in Cleveland. He was admitted to the bar in 1915. During World War I, he served in France as a captain in the infantry, and was awarded the French Croix-de-Guerre.

Following his war service, he was assistant secretary of the Cleveland Chamber of Commerce and general manager of the Cleveland Better Business Bureau, a post he held until 1931.

At present he is a faculty member of both the School of Banking at Madison, Wis., and the Cleveland Chapter, American Institute of Banking. At both these places, he teaches a public relations course.

He is also a thesis examiner for the Graduate School of Banking of Rutgers University, and a member of the Cleveland Advertising Club, the Chamber of Commerce, the Citizens League of Cleveland, and the board of trustees and budget committee of the Cleveland Community Fund.

Mount Gilead Named in Suit Asking $10,000

MOUNT GILEAD—A $10,000 action was filed in the Morrow County Common Pleas Court this week charging the village of Mount Gilead with polluting Whetstone Creek.

John M. Newson, Aline A. Newson Ruth Newson and Dora Ethel Newson brought the action against the village.

In the action, the plaintiffs charge that the village, "now and for the past three years, has been polluting Whetstone Creek by causing raw and partially treated sewage to be emptied into the creek."

The petition stated that offensive smells, poisonous gasses and fumes have been and are now being emitted from the stream. The petition charges that because of the pollution the plaintiffs have been unable to pasture land and are forbidden to pasture the land by the department of health and as a result must purchase feed that otherwise would have been unnecessary.

The petition stated that fish in the stream have been killed and dead fish have been deposited on the channel. Market value of the land has been depreciated, the petition alleges.

Village Council took action last week to ask approval of a bond issue for a new sewage treatment plant.

PLANT SHUTS DOWN

SANDUSKY, Ohio (AP)—The Apex Electrical Manufacturing Co. will close temporarily today and all but 40 of its 325 workers will be idled. H. A. Klingenberger, the company's general manager said the shutdown was due to a shortage of parts.

Indians Invade Yankee Park After Double Victory

Wynn Will Pitch Opener; Feller, Lemon Slow Boston

NEW YORK (AP)—Clevelands stubborn Indians, who have held onto a half-game league lead for 12 days, meet the fast-climbing New York Yankees tonight, with first place up for grabs.

The Indians, who have won 15 of 21 games this month, held their slim lead yesterday by taking both ends of a doubleheader at Boston while the second place Yankees were dumping Chicago twice. That gave the Yankees a 19-3 record for the month.

Early Wynn, the last member of Cleveland's "Big Three" pitching staff to beat New York, will face Eddie Lopat in the opener of the three-game series.

Wynn beat the Yankees May 1 but since then has lost to them twice. Bob Lemon had won an earlier game for the Tribe and the other Cleveland wins were by relievers, two by Hal Newhouser and one by Don Mossi.

New York has won six of 11 games against Cleveland.

Mossi, a left handed rookie with a 4-1 record, will start Saturday against New York's Allie Reynolds and Sunday the Tribe will use Mike Garcia against Whitey Ford.

This will be the first time anybody but Lemon, Wynn and Garcia has started against New York.

Lemon gave up only seven hits and pitched a 5-2 victory yesterday against the Red Sox after Bob Feller won the opener 6-3.

Lemon, recovering from pulled muscles in his side, had a shutout until the ninth when Ted Williams singled and Harry Agganis hit a home run.

Wally Westlake hit a homer for the Indians in the fourth and Al Smith got another in the eighth. The other Cleveland runs were in the first, fourth and fifth.

Smith walked in the first, moved around on an error and Larry Doby's single, and scored on a fly by Vic Wertz.

Dave Philley singled in the fourth, moved around on a sacrifice, and scored on Hal Naragon's single.

In the fifth, Doby singled, advanced on a double by Wertz and scored on walks to Westlake and George Strickland.

Wertz drove in four Cleveland runs with a pair of homers in the first game.

Al Rosen missed the second game because of bruises on the arms and chest suffered Tuesday when Boston's Sammy White crashed into him at third base. Rosen, who already has suffered a broken right index finger, says he fully intends to play against New York, however.

Reds Hope For Relief With Bucs

CINCINNATI (AP)—According to the book, the Cincinnati Redlegs should get a little relief during the next three days from the pressure under which they have been operating.

And yesterday's 8-5 defeat by the Brooklyn Dodgers indicated they need a bit of a letup.

Pittsburgh's Pirates moved in today to open a four-game series, but even though they're in last place with no hope of getting out, they have been difficult to handle at times.

Eleven games in eight days against Philadelphia, New York and Brooklyn brought the Redlegs six victories and five defeats. Yesterday's setback dropped them into a tie with Philadelphia for fourth and fifth and they're only a half game ahead of St. Louis.

Don Newcombe, who hadn't won a game since he beat Cincinnati on June 23, hurled the Dodgers to their triumph yesterday although he had to have help from Jim Hughes in the seventh inning.

Four hurlers toiled for the Reds and the loser was starter Karl Drews.

Three doubles and home runs by Duke Snider and Pee Wee Reese made Newcombe's task easier. But his mates also gave him some anxious moments as errors by Billy Cox, Reese and Junior Gilliam and Roy Campanella's inability to move quickly combined to help the Reds along at times.

The Brooks piled into Drews for their first four runs. Consecutive doubles by Carl Furillo and Sandy Amoros accounted for the first tally in the second inning. Amoros' second double and singles by Campanella, Newcombe and Gilliam gave the Dodgers two more in the fourth and a fifth inning score came on Snider's home run.

Two runs poured across in each the seventh and the eighth. The pair in the seventh proved to be just what the Dodgers needed to win. Reese got his home run and the other score came on a hit batsman, a single by Gil Hodges and a double play.

The Reds got a pair of runs in the fourth on a walk to Roy McMillan and Ted Kluszewski's home run. Bobby Adams opened the seventh with a single. McMillan was safe on Gilliam's error and Kluszewski walked to fill the bases. Jim Greengrass single scored Adams and McMillan. That brought Hughes in to relieve Newcombe.

Gus Bell's ninth inning homer was the last Redleg scoring.

Pair of Long Shots Pay Hilliards Backers $593

COLUMBUS, Ohio (AP) — Jimmy Thistle, a 45-1 shot handled by Fred Trees, paid $100.40 last night in the second event at Hilliards Raceway—a 1 mile pace, class 25 conditioned.

The daily double paid $593.40 with Hoots Dream in the first combining with Jimmy Thistle for the payoff.

The featured seventh race was won by Shanty Queen. Shanty Queen paid $7.60 in the mile pace event. Time was 2:09. Ray Rankin drove.

Dick Wilkins, new offensive end for the New York football Giants, owns a lumber company in his native Eugene, Oregon.

FLY TROUBLE. White Sox second baseman Nellie Fox (2) and right-fielder Jim Rivera get their signals mixed as a fly ball off the bat of Yankees' first baseman Joe Collins drops between them in the first inning of the opening game in the Yanks-Sox doubleheader in New York. Rivera took the sting out of the muff by throwing out Collins when he attempted to take second on the play. The Yanks won 4-3. This unusual action picture was made by Associated Press Staff Photographer John Rooney.

Oliver Tops

64 Qualifiers Open Action In PGA Championship Play

By HUGH FULLERTON JR.

ST. PAUL, Minn. (AP)—The test of whether the bleak little Keller Public Course is capable of giving the top golf professionals a real challenge, or whether it's just a drive-and-pitch layout for Sunday swingers got under way today with the beginning of match play in the 36th PGA championship.

Keller had been ridiculed before the tournament as being too easy for such players, but as scores began to mount in yesterday's second qualifying round, one acute observer remarked:

"This course is so easy its getting tough."

That's about what happened during the two days of qualifying and what's more likely to happen in the man-to-man contests. The pro sharpshooters, seeing possible birdies on almost every hole, tried too hard to get them.

The result was that Ed Oliver, the rotund "Mr. Pork Chops" from Lemont, Ill., breezed off with the medal and $250 with a score of 66-70—136. That's two strokes higher than the PGA qualifying record made on reputedly tougher courses.

Jack Burke and Cary Middlecoff came in with 137's and it took a score of 147 to get into the 64-man match play bracket. That's some sharp scoring but hardly taking apart the tournament par of 36-35—71 for the level 6,652-yard course.

Today's program called for two rounds of 18-hole matches. That kind has to be won or lost in a hurry and presents a real temptation to gamble on the "birdie" holes.

Erie, Local 750 And Shovel in Softball Wins

Erie No. 1, Local 750 and Marion Power Shovel notched victories in Industrial League No. 1 play last night at Garfield Park.

Erie trimmed OSCO 5-1, Local 750 edged Marion Metal 7-3 and Marion Power Shovel blanked UAW 1039 12-0.

Four runs in the opening frame accounted for Erie's margin over OSCO as Kunkle twirled a four-hitter in a five-inning game. The winners bunched three of their seven hits, two walks and an error in the frame for the four runs. Each club scored once in the fifth. Millington was the loser. C. Gruber clubbed out a four-master for the Railroaders.

Sonny Taylor, surrendered only five hits, hurled Local 750 to its win over Marion Metal. The losers took a temporary 1-0 lead in the first frame but Local 750 came back with two in the second and four in the third to seal the win. The winners scored once in the sixth while Marion Metal concluded its scoring in the same frame with two markers. Romano was on the hill for the losers. J. Paulus contributed a home run and single and Dale Bartow two hits to the winners' attack.

Wilcox was author of the shutout over UAW 1039, a one-hit job. Meanwhile, his Shovel teammates were pounding out 12 singles off Caldwell of the losers. The Shovel nine clinched the win with eight runs on seven hits and a pair of erros in the third inning. Shovel had gone ahead 4-0 in the five-inning contest with four runs in the second. Pacing the Shovel hitters were J. Higgins with two hits, Fritz Walters with a home run and triple, R. Gruber with a pair of hits and Bob Owens with two triples and a double.

Pleasant Teen Nine Falls 5-4 To Green Camp

Green Camp boosted its Marion County Teen League mark to 5-4 downing the Pleasant-Waldo nine 8-1 last night behind the one-hit hurling of John Bish and Hal Wasserbeck.

Bish, the starter, pitched the first five and one-third frames, giving up the lone hit, while Wasserbeck finished up. Bish fanned three and walked three while Wasserbeck struck out one and walked none.

Pete Owings got the only hit for the losers, in the first frame, while Sherrell Leffler scored Pleasant-Waldo's lone run in the sixth on an error. The winners scored twice in the third and fourth frames and four times in the fifth for their run production.

Charles Leffler started on the hill for the losers and was relieved by David Noe in the fifth frame. Leffler was charged with six runs on two hits and two walks while Noe gave up two runs on three hits and a walk. Leffler struck out six, Noe one.

Wasserbeck with two singles led the Green Camp offensive while Bob Williams, Mervin Stover and Bish all contributed singles to the attack.

Leads in Comeback

Mantle Sparks Yankees' Bid Toward Sixth Straight Flag

By BEN PHLEGAR
Associated Press Sports Writer

One of the prime reasons for the recent rise of the New York Yankees is the blossoming of Mickey Charles Mantle into a big time big leaguer.

The 22-year-old switch hitting center fielder apparently has arrived, although some fans who regard Yankee miracles as commonplace feel he took a long time coming.

Amid reams of ballyhoo the Yanks tried to jump Mantle from the Class C Western Association into Joe DiMaggio's job in 1951.

It didn't quite come off. Mantle had to go down to Kansas City for seasoning. He came back in 1952 for what would have been a sensational season for any normal rookie: He hit 23 home runs and finished with a .311 average.

But it wasn't enough for the fans who were still dreaming of DiMag. Mickey fell off to .295 last season and when he came up with an old knee injury during the winter the Yanks were really worried.

An operation put him out of commission through much of spring training and he wasn't ready when the season started. But he's really rolling now.

MICKEY MANTLE
Leads Yankee Attack

His average of .323 is second high on the club. He leads the league in home runs with 20 and tops the Yankees in runs scored, triples, hits, runs batted in, total bases and bases on balls. He also has struck out the most, not too unusual for a distance hitter. In the field he ranks with the best.

Mantle was the batting star in the first game of yesterday's double triumph by the Yanks over the Chicago White Sox. He drove in the tying run with a right-handed single in the eighth inning and the winning run with a left-handed home run into left field in the 10th. The score was 4-3. The Yanks coasted home in the second 11-1.

Cleveland also won twice, 6-3 and 5-2 over Boston, and kept its half game first place lead.

Brooklyn climbed a game closer to the New York Giants with an 8-5 victory over Cincinnati while the Giants bowed to Chicago 13-5. New York still holds a six game edge.

In other action Milwaukee edged Philadelphia 3-2 and St. Louis shaded Pittsburgh by the same score in 14 innings in the National League.

Detroit defeated Philadelphia 9-4 and Washington beat Baltimore 3-2 in the American League.

Two home runs by Vic Wertz helped Bobby Feller post his seventh straight triumph in the first game at Boston. Bob Lemon tamed the Red Sox in the second game.

Birdies Break Losing String, Take Twin Bill

By The Associated Press

Indianapolis has widened its American Association lead over Louisville to 10 games and is faced with the opportunity to make the gap even greater in a hurry.

The two front-runners open a thee-game series at Louisville tonight.

The leading Indians gained a split in a four-game series with Toledo by grabbing a 4-2 decision last night while Kansas City was downing Louisville's Colonels 6-1.

The Columbus Red Birds broke a six-game losing streak as they took both ends of a doubleheader from Minneapolis, 1-0 and 3-2.

Miller sluggers, who had garnered 42 hits in a 22-8 victory over the Birds Wednesday night, could manage only three safeties off Bill Greason in last night's opener and five off Jim Kirk and Mel Wright in the afterpiece.

Cellar-dwelling Charleston put together a four-game winning streak—its longest of the year—by sweeping a pair from St. Paul 6-1 and 6-2.

LaRue Blanked By FOP Squad In Teen Loop

Marion's Fraternal Order of Police nine blanked LaRue 14-0 behind the one-hit hurling of Dave Gallimore last night in a Marion County Teen League contest at Lincoln Park.

Touched for the only hit in the opening frame, Gallimore went on to hold LaRue hitless the rest of the way while striking out 13 and walking two.

Five runs in the fourth inning gave Marion the necessary margin to halt the tilt in the fifth. The winners had scored three in the first and six in the third.

Marion collected six hits off the offerings of Richard Isom of the losers and took advantage of four walks, 10 LaRue errors and a hit batsman.

Butch Simpson, Ellwood, Tex Burns, Marlo Barrett and Gallimore banged out the Marion hits. Culver had LaRue's lone hit.

Driver Takes Third Straight Richwood Race

J. L. Jones of Richwood won his third straight feature race last night at the Richwood Speedway. He topped a field of 21 cars in the feature race.

The top event was restarted twice. Truman Radebaugh of Delaware started the trouble when he rolled over in the first lap. On the second attempt, Jack Hedges of Delaware overturned on the first lap and Bob Fridley and Don Stevens of Marion tangled to end up in the infield. No one was injured.

Joe Erwin of Richwood followed Jones across the finish line with Chet Howard of Mount Gilead taking third. Jau Endsler of Richwood took fourth place.

Jones also captured the first heat race with Radebaugh second and Howard third. Don Teets of Marysville was first in the second race with Erwin second and Walt Hamilton of Richwood third.

Stevens came out on top in the third event with second going to Terry McKittrick and third to Chet Johnson of Radnor. Howard showed the way in the winners' handicap with Erwin and Radebaugh following him in the order.

The first consolation race went to Jim Hamilton of Richwood with Wimpy Jordan and Charles Wilcox finishing two-three. Hedges was leading the pack on the last lap when his car overturned on the south turn. He was shaken up but suffered no serious injury.

Dick Baugluma of Belle Center won the second consolation with Ed Moore of Delaware in second and Bob Fridley third.

Collegiate All-Stars Drilling for Detroit

LAFAYETTE, Ind. (AP)—Fifty of last year's college football heroes gathered at Purdue University today to begin preparations for their Aug. 13 assignment against the Detroit Lions in the annual All-Star Game at Chicago.

Jim Tatum, who guided Maryland to the 1953 mythical national championship and will head the All-Star coaching staff, said actual workouts will begin tomorrow.

Indians Defeat Prospect 4-1 in Teen Struggle

Marion's Indians triumphed 4-1 over Prospect in a Marion County Teen League tilt at Lincoln Park last night.

Larry Corbin went the distance for the winning Marion nine on a four-hitter, being tagged for the only run in the opening frame. He struck out seven while walking three and hitting a batter.

The winners pounded out eight hits off loser Lauer, scoring three times in the third on four hits and once in the fourth on one hit. Lauer fanned nine and walked two.

Three successive hits by Don Shoemaker, Ted Middleton and Harold Jones, an error, and another bingle by Howard Gruber figured in the third inning scoring while an error and hit by Phil Carroll resulted in the final run in the fourth.

Landons lead-off triple, an error and B. Emery's hit highlighted Prospect's run-scoring first inning.

Middleton with three hits, Gruber with two and Shoemaker, Jones and Carroll, all with one, provided Marion's offensive punch. Emery had two hits and Landon and R. Emery one apiece for the losers.

Stengel Insists Chisox Remain In Flag Chase

NEW YORK (AP)—Casey Stengel sends his New York Yankees after the American League lead tonight in the first of three games with Cleveland, but he's still convinced it's a three-team race for the pennant.

The Indians own a half game edge over the Yankees and have played the world champions on an almost even basis so far this season, winning 5 of the 11 games. The Yanks never have been in the lead.

The Yanks deflated the pennant hopes of the Chicago White Sox at least temporarily yesterday by winning a doubleheader 4-3 in 10 innings and 11-1. This dumped the third place Sox 6½ games behind Cleveland.

But in discussing the way the Yanks and Indians have traded decisions Stengel outlined the road back for Chicago.

"If it keeps up like this," he said, "those fellers can come back by beating the other fellers (meaning the second division teams)."

The veteran Yankee manager didn't have much to say about his immediate problems with the Indians except to pick Eddie Lopat as his starter for tonight.

Big Chief Allie Reynolds will be in the bull pen, just as he was yesterday. He wasn't needed against Chicago and if he escapes work again tonight he'll be the starter tomorrow. If he works Stengel hopes it will be brief enough to bring him back as a starter Sunday. Whitey Ford will open which ever game Reynolds doesn't.

Engstrom, Mexican Win Armory Bout

Carl Engstrom and Juan Hernandez whipped Gypsy Joe and Shiek of Araby in two straight falls last night to capture the decision in the headline attraction at the armory.

The winners took the first fall when Hernandez pinned the Gypsy after 19 minutes with a grapevine. The second fall ended when Gypsy and Sheik refused to allow Engstrom to leave their corner and were disqualified.

Billy Fox posted a win over Charlie Carr in the other 60-minute bout. Fox took the first fall with a toe hold after 10 minutes but Carr evened the count after seven minutes with a crab hold. He managed to get a crab hold again in the third fall but Fox reversed the hold to win in four minutes.

Dick Torio won the 30-minute opener over Rip Hawk with a slam and body press.

Promoter Les Fishbaugh announced Buddy Rogers and George Menagoff would clash here next Thursday.

Crestliner Named Coach at Mansfield

CRESTLINE—A Cresthne man, Robert Frye, son of Mr. and Mrs. P. C. Frye, has been named to the senior high school coaching staff at Mansfield for next season.

A native of Crestline, Frye was graduated from high school here. He attended Ohio State University and was graduated from the University of Southern California with a backelor's degree in education. He served in the U. S. Army for three years during World War II and coached at City High School, Yuba, Calif., for three years.

A member fo St. Joseph's Catholic Church in Crestline, he is married to the former Maxine Rish of Crestline, and they are the parents of two children.

The Fryes will move to Mansfield early this fall.

Fights Last Night

VANCOUVER, B. C. — Edgardo Romero, 248, Argentina, outpointed Earl Walls, 193¾, Toronto, 10.

BIRMINGHAM, Ala. — Oscar Pharo, 185, Birmingham, outpointed Billy Leblanc, 180, New Orleans, 10.

BROOKLYN (Fort Hamilton)—Rinzi Nocero, 158, Brooklyn, outpointed Angelo Urgitano, 160¾, New York, 8.

LIVERPOOL, England — Pat McAteer, England, knocked out Harry Mino, Belgium, 4 (middleweights, but exact weights not available).

OX ROAST SET SATURDAY

The annual ox roast of the Marion County Fish and Game Association will be held Saturday at the club grounds north of Marion on Route 4. The event is slated to get underway at 12 noon. Admission to the grounds will be free with food, refreshments and entertainment available.

News of the District

Richwood

Mrs. Lelia Chapman, Mrs. Nelle Cowgill and Mrs. Alona Cheney were hostesses at an afternoon party honoring Mrs. Lillian Woods, who was celebrating her 82nd birthday anniversary at the home of Mrs. Marie Hamilton where she has made her home for the past few months. Mrs. Woods, a former resident of Richwood, had been residing in Ridgeway for the past 27 years. Mrs. Hamilton planned the party and as a surprise to Mrs. Woods, had her sister, Mrs. Blanche Nye of Phoenix, Ariz., present at the party.

Other guests present were Mrs. Laura Duke, Mrs. Mayme Livingston, Mrs. Francis Conboy, Mrs. Estelle Rapp, Mrs. LaVerne Ogan, Mrs. Esta Sanders, Mrs. Mina Winter, Mrs. Meda Decker, Mrs. Viola Collins, Mrs. Edna Cushman, Miss Olive Sinkey, Mrs. Daisy Scott, Mrs. Susie Patterson, Mrs. Flo Decker, Mrs. Mary Pierce, Mrs. Ruth Martin, Mrs. Susie Daniels, Mrs. Golda Sloop, Mrs. Martha McNamee, Mrs. Lenna Patterson, Mrs. Nette Young, Mrs. Edith Belt, Mrs. Esther Chapman, Mrs. Hattie Martino, Mrs. Carrie Harriman of Marion, and Mrs. Mary Rodgers of LaRue. Mrs. Woods received many gifts in honor of the occasion.

The rooms were decorated with baskets of roses and gladioli. Refreshments were served by the hostesses, assisted by Mrs. Hamilton. Mrs. Cowgill poured.

Mrs. Woods has one son, William Woods of Ridgeway and one grandson, two brothers, Edd Patterson of Essex and A. K. Patterson of Grand Rapids, Mich.

—:—

The Friendship Circle of the PNG of the Claiborne Rebekah Lodge enjoyed a noon picnic Sunday at the home of Mr. and Mrs. Norman Dunbar, near Richwood. Members and guests present were: Mr. and Mrs. L. Scroyer and daughter, Mrs. Daisy Scott, Mrs. Grace Shoup, Mrs. Lee Evans and family, Mrs. Lelia Chapman, Mrs. Fern Wiley, Mr. and Mrs. R. L. Dunbar, Mr. and Mrs. Roy Fry, Mrs. Myrtle Waterman, Mr. and Mrs. E. J. Tennant, Howard Ellenwood, Mrs. Ernest Burnside, and Mrs. Jack Roush and daughter. The mystery box was won by Mrs. Scroyer.

Nevada

Richard H. Parker, USN, recently spent ten days leave at the home of his parents, Mr. and Mrs. John H. Parker. He has completed 14 weeks of schooling at the Naval Center at Great Lakes, Ill., and is now assigned to the USS Robert A. Owens.

—:—

Miss Mary Louise Motter, daughter of Mrs. Otho Motter and the late Mr. Motter, and Edwin McCarthy of Bucyrus were married at Angola, Ind., July 10, by the Justice of the Peace H. E. Shamp. They will make their home in Nevada for the present.

Ashley

Mr. and Mrs. Stuart C. Powers of Ashley are announcing the engagement of their daughter, Gloria Maureen, to Claron Grant Schultz, son of Mr. and Mrs. Claude M. Schultz of Kilbourne.

Miss Powers was a June graduate of Ohio Wesleyan University and will teach home economics in Thomas Jefferson School in Cleveland. Mr. Schultz was recently discharged from the Air Force after serving four years as senior radio technician in California. He held the rank of staff sergeant.

The wedding will be an event of late August in Ashley Methodist Church.

—:—

The Ashley West End Club held its annual family picnic at the home of Mrs. Lelah Stephens in Ashley Tuesday night. Due to rain, the tables were set indoors. Twenty-four were present and guests were Mrs. Cleo Westbrook, Greenwich, L. A. McMillen, Bellpoint, Miss Winifred Raines, Mrs. Roy Nolting, Mrs. Lena Held, Perry Erow, Howard Garrison, D C. Sherwood, Edgar Shoemaker, Vicki Garrison, Doris Kuhn.

Mrs. Garrison had charge of entertainment and read several poems. Others contributing to the program were Miss Raines and Mr. Sherwood, Mrs. Lillie Fleming, solo, Mr. McMillen, songs, and accompanist for group singing. Games were played and short stories told by the guests.

Forest

The Lehman-Zimmerman American Legion Post of Forest met Monday night in the Legion Home. Vinsent Cramer, representative to Boy's State gave a interesting report on "Government" and activities at Boy's State. The Boy Scouts were also guests at this meeting to hear the report.

The annual election of officers was held with Don Zuber being elected to serve as commander;; Dr. Harold Decker, adjutant: and finance treasurer, Clarence Kneisley.

—:—

The Truth Seekers Sunday School Class of the Big Oak Sunday School was entertained Sunday night at the new home of Mr. and Mrs. George Epley in Carey.

Ducks Share Nest

LACONIA, N. H. — (UP) — Steve Rollins and Hilbert Siegler of the state fish and game department reported an unusual discovery as they inspected wood duck nesting boxes along the Merrymeeting River.

They found two female wood ducks sitting on eggs in one box. The department said it was "the first recorded instance in New Hampshire where two females have peaceably shared the same nesting box"

The common moonrat, a cousin of the hedgehog, has an odor similar to that of an onion which repels its enemies.

'Cures by Colored Light'

Illegal Medical Practice Charged in Sale of Lamp

CLEVELAND (AP)—Stand nude in a dark room and choose the proper color for your ailments, reads the instructions accompanying a boxed-in lamp.

County authorities said the apparatus was bought for $10 from Mrs. Nathalie Witt of suburban Bedford, who, with Mrs. Virginia Folea of Vermilion, has been charged with illegal practice of medicine.

The buyer was Mrs. Pat Patton of the Better Business Bureau, who says Mrs. Witt refers to herself as a "normalator," and boasts of a thriving practice in "helping" people by bathing them in colored light suited to their complaints.

Those who have the means can purchase their own lamps, Mrs. Patton told the county prosecutor's office, which issued the charges.

Mrs. Patton said the devices were manufactured and sold by Dinshah P. Ghadiali's "Spectro-Chrome Institute" before 1947, when Dinshah was convicted on Food and Drug Administration charges.

On an instruction sheet which came with the lamp, the "patient" is advised to sleep with head pointing north, on white bedding, and never to take a "tonation" at sunrise or sunset, or during an eclipse.

Users can adjust a device to change colors on the lamp. The instruction sheet says:

"Red activates the liver.

"Orange induces vomiting, stops dysentery, indigestion, ptomaine poisoning, is also a lung builder.

"Lemon is for abscesses, boils and carbuncles, raises phlegm.

"Green is a germ killer, prevents decay.

"Turquoise is a tonic, an alkalizer, makes new cells, tissues, tones the whole system.

"Blue reduces fever, burns, scalding.

"Indigo stops bleeding, pain, appendicitis.

"Violet builds white corpuscles, is good for sleeping and relaxing.

"Purple removes malaria, lowers blood pressure."

Mrs. Patton said she was given this color schedule for her imagined ailments:

"Green, front and back, one hour each. Magenta every day for one week, chest and kidneys. Turquoise every day (best color, good for arthritis). Take nude, in a dark room."

GROUP PLANS PICNIC

Plans are being made by the Central Christian Church Youth Fellowship for a picnic at Camp Owens near Marion Sunday noon. The event will be under supervision of Rev. Joseph Dupuis, church educational assistant, and Miss Sally Campbell has charge of publicity.

Fish in the Columbia River are tested periodically for possible radioactivity which might be derived from the Hanford Atomic operation.

MAN RESCUED FROM CAR. Robert J. Thompson, 27, of Fort Wayne, Ind., was severely injured when a tree fell on his car during a severe windstorm. Rescuers are shown pulling wreckage apart to free Thompson who was trapped in the auto.

Galion School Superintendency Declined by Principal in System

GALION—J. Harold Blosser, who was employed by the Galion Board of Education at a special meeting Monday night for the position of superintendent of schools, has declined the offer because board members were not unanimous in voting him the job.

Blosser notified Grant West, board president, by telephone Thursday morning that he would be unable to accept the offer.

A meeting of the board had been scheduled for 5 p.m. Thursday to confer with Blosser at which time a salary and policies would be set. Blosser, who is now serving as principal of the junior high and west elementary building, had not made an application for the position.

The board had received 21 written applications for the job, in addition to several by telephone. Blosser was offered the position in a 3-2 vote.

The vacancy was made when Marion E. Shank resigned on July 3, his resignation to become effective Sept. 1, as city school superintendent.

Blosser's statement for publication reads: "For the good of the schools, I fell it would be best for the school board to hire a superintendent who has support of all its members.

"For this reason I prefer to continue in my position as principal at Junior High and West Elementary School.

"Our main consideration should be a united effort for the good of the children of the entire school system. Without unity this cannot be achieved."

National Sorority Gives $25,000 to Polio Foundation

The Magnetic Springs Polio Rehabilitation Foundation was adopted as a project and a gift of $25,000 voted for the work at the national convention of Delta Theta Tau sorority held in Chicago. The sorority voted an immediate gift of $15,000, to be followed by contributions of $5,000 in 1955 and $5,000 in 1956.

Local members heard a report of the convention given by Mrs. Vernon Pinkerton, alternate delegate, at a picnic meeting of Gamma Mu chapter, Tuesday evening at the home of Miss Alice Gertrude Smith. The national organization also voted to accept two frontier nursing projects in Kentucky as a project for the coming year.

Miss Smith was chairman for the picnic and assisting were Mrs. Richard Putney, Mrs. Charles Burns, Mrs. Leonard Shepherd and Miss Margaret Brewer.

Attending the convention with Mrs. Pinkerton were Mrs. Edward Fox and Miss Margaret Brewer. Mrs. Fox was appointed state assistant to the director of public relations by the national council.

Jerry Rowland of San Diego, Calif., was named national president. The next convention will be held in Fort Wayne, Ind.

CRASH INJURIES FATAL

COLUMBUS, Ohio (AP)—David C. Walcutt, 51, of Columbus died yesterday of injuries received when his car upset near here. He was a native of Newark.

GARDEN FOR BLIND

SOUTH BEND, Ind. — (UP) — The board of park commissioners voted to set aside a portion of Leeper Park for development of a scent garden for the blind. A series of paths flanked by railings will lead past the flowers and shrubs. Placards in braille will be located at intervals along the rail to describe the displays.

Unlike some other rabbits, the newborn snowshoe rabbit has its eyes open and can run around the day it is born.

Fine Paid After 2 Years

MANCHESTER, N. H. — (UP)— Early in May, Manchester police received a money order and note from Harold R. Galligan of Central Falls, R. I.

The note said the $5 was for a traffic offense Galligan committed at Manchester in August, 1952.

Checking into records, police learned Galligan was arrested for driving through a red light. He didn't have the $5 fine and was released on the promise he'd mail it the next day, Aug. 4, 1952.

Greater Tokyo's population is 7,393,815, an increase of 358,400 in a year.

Radio and Television

By JOHN CROSBY

Fun From Britain

"One Minute, Please!" is a pleasantly foolish parlor game which has been played in some of the loftier parlors around New York and conceivably elsewhere for a couple years now and has landed inevitably on television. Can't think what took it so long. Practically every other parlor game except post office has long since got before the cameras. (Jack Eigen tried a bit of post office on a Chicago television station and got himself fired for his splendid enterprise.)

J. CROSBY

Actually, "One Minute, Please!" is an import from Great Britain where it has proved quite popular on the BBC for some years now and it has an unmistakably British flavor. Idea is for a panelist to talk for one minute with great coherence and assurance and preferably a measure of wit on the most outlandish subjects.

-:-

ONE OF THE PANELISTS the other night, for example, was Hermoine Gingold, the terribly British comedienne, who was asked to talk on glass blowing and without hesitation launched into the following explanation, all in a fearfully British accent:

"I have blown glass many yeahs. When I am out of work, I do practically nothing else but blow glass. I blow little vases, toys and chandeliers. If you have asthma, I beg you dont take up glass blowing." And so forth, for one minute, which is longer than you think when engaged in this sort of work.

Other topics attacked by the panelists which included Alice Pearce, Anne Burr, Ernie Kovacs, Cleveland Amory and Jimmy Cannon, were "Why I Wear Sneakers" ("Shoes have all sorts of pitfalls attached to them. You go places when you wear sneakers."), puppy love ("There have been many husbands treated like dogs because of puppy love.") raccoon coats ("At least 200 raccoons perished to send one man through Princeton."), and similar nonsense.

-:-

NOT ALL OF IT was exactly piercingly witty but much of it was fun — and cleaner fun than the game we used to play in the parlor out of reach of the cameras. The art of talking absolute hogwash about something you know nothing at all about is very highly developed in this country, especially on Broadway and in Hollywood. Actors do it well. Authors are fairly good at it. Columnists well, never mind about columnists.

But, it seems to me, if they want the real class of the field, the producers of this show would sprinkle the panel with a few Hollywood actors' agents and press agents. I know one man who can sound off on any subject under the sun not just for one minute but for four hours without hesitation, without interruption and without at any time marring his discourse with a single word of truth. They could send the rest of the panel to the seashore for the summer.

-:-

INCIDENTALLY, WHILE my own reaction to this foolishness is fairly amiable I'm not so sure that the public is going to eat it up. It's a little specialized. I'm not entirely happy about parlor games taking over so much of television but, to me at least, it offers one ray of hope.

If they get 'em all on television, they may conceivably get 'em out of the parlor and out of my life. You can always turn off a television set, but have your ever tried turning off an actress bent on playing charades in your own livingroom? Short of shooting her there's no method of doing this.

Incidentally, there is a sort of poetic justice about this British import. The British have been bedevilled by American quiz shows for a good many years now — "What's My Line?" was once the most popular show on the BBC and maybe it still is — and, while the public has been passively acquiescent about them, the critics have pretty generally deplored them as an American waste of time.

Now the British can rest assured that they are wasting some of ours —half an hour of it, to be precise, starting at 8:30 p.m. EDT on the Dumont network.

(New York Herald Tribune)

N.Y. Stock Quotations

NEW YORK (AP)—The stock market went ahead today in a faltering manner after its big zoom up yesterday.

Steels were strong in some instances, but there was profit-taking apparent. They were standouts yesterday on merger rumors.

Gains and losses spread out over a range of around 2 points but most changes were small.

Business dwindled down as prices hesitated and maintained a pace less than yesterday's big 2,890,000 shares attained when the market hit a new high.

Merger rumors concerned Bethlehem Steel and Youngstown Sheet & Tube, which were strong yesterday and maintained their advantage today. Follansbee Steel linked with unidentified financial interests, also was well ahead yesterday and today.

Also higher were American Telephone, Western Union, Allied Chemical, Westinghouse Electric, American Can, Southern Pacific, Amerada Petroleum, and such low-priced issues as American Safety Razor, Electric & Musical Industries, Wilson & Co., and Zonite Products.

Lower were Chrysler, Republic Steel, Douglas Aircraft, Kennecott Copper, Union Carbide, Pacific Mills, and Baltimore & Ohio.

LEGAL NOTICE

Charles William Frazier whose last known address, place of residence and location is to petitioner unknown and can not be found or ascertained with reasonable diligence, will take notice that Esther Frazier filed her petition in the Common Pleas Court of Marion County, Ohio, on this 24th day of June, A.D. 1954, praying that she be divorced from him on grounds of Gross Neglect of Duty, Extreme Cruelty and wilful absence for more than three years, to-wit: since May 30, 1944, that said cause being No. 32441 on the Docket of said court will be for hearing therein on or after July 30, 1954.

ESTHER FRAZIER.

Homer E. Johnson, Attorney.

June 25 July2,9,16,23,30,1954.

NOTICE OF SALE OF REAL ESTATE

In pursuance to an order of the Probate Court of Marion County, Ohio, we will offer for sale on the 24th day of July, 1954, at 10:00 o'clock A.M., at the offices of Donithen, Michel & Davis, 161½ South Main Street, Marion, Ohio, the following described real estate:

Tract No. 2

Situated in the County of Marion, in the State of Ohio, and in the Township of Green Camp and bounded and described as follows, to-wit:

And known as being part of Survey Number ten thousand two hundred and ninety-eight (10298) in Green Camp Township, in said County of Marion, containing seventy-nine and 25/100 acres of land (79.25) and beginning at an Elm, Lynn and Ash in the West patent line; thence North 79° East seventy-nine and 5/10 (79.5) poles to a Beech, Hickory and Ironwood; thence south ten degrees (10°) East one hundred and sixty (160) poles to a sugar tree; then South 79° West Seventy-nine and 5/10 (79.5) poles to two Lynn trees; thence north 10° west one hundred and sixty (160) poles to the place of beginning, containing seventy-nine and ½ (79½) acres more or less, and being the same land conveyed to Elliott Marlow, by Levi Marlow, by deed dated February 23rd, 1875, recorded in Volume 43, pages 59 and 60, Records of Marion County, Ohio, known as the Cooper farm; and being the same premises conveyed by Daniel Ade to Caroline Ade, Emma Ade and Pauline Ade, by deed dated October 23rd, 1893, and recorded in Volume 74, page 140, Record of Deeds, Marion County, Ohio.

Said real estate is improved with a 4 room frame house and barn.

Tract No. 3.

Situated in the Township of Green Camp, County of Marion, and State of Ohio, and known and described as follows, to-wit:

Being part of Survey No. 10298 and bounded and described as follows: Beginning at Jacob Cooper's North East corner, a Bud Hickory and Ironwood; thence north 79° East 80 poles to Burr Oak and Ash; thence South 10° East 160 poles to two Linns and three Ironwood; thence South 79° West 80 poles to a Sugar tree, J. Cooper's South East corner; thence North 10° West 160 poles to the place of beginning, containing 79.75 acres of land.

Said real estate is improved with a 6 room frame house, barn, granary, garage and chicken coop.

The above described real estate is situated 3 miles Northwest of Green Camp, Ohio on the Groundhog Pipe (Road 50).

Tract No. 2 of said real estate is appraised at $20,000.00 and Tract No. 3 of said real estate is appraised at $22,000.00, and cannot sell for less than the appraised value.

Said real estate is being sold subject to a certain lease given by G. A. Ruth, deceased, to George A. Kramer, which lease has been recorded in Volume 18 of the Lease Record in the Recorder's office of Marion County, Ohio at Page 245.

Possession of said real estate will be given January 1, 1955.

ED RUTH and MILTON J. FLACH, Executors of the Estate of G. A. Ruth, Deceased

Erie Reports On Earnings For First Half

CLEVELAND — Second quarter revenues of the Erie Railroad held about even with the first quarter although business was off 16.3 per cent compared with last year, Paul W. Johnston, president, announced today in releasing mid-year figures.

June revenues were the second highest of the year resulting in a better net than previously expected. The management

WANT ADS DIAL 2-1101

LOCAL WANT AD RATES

	1 Time	3 Times	6 Times
Three lines	48c	$1.08	$1.62
Each extra line	16c	36c	54c

Minimum charge three lines.
Ads not offered for consecutive insertions will be charged at the one time rate each time.

SHERIFF'S SALE OF REAL ESTATE

The Prospect Citizens Bank, Plaintiff, vs. Dale E. Sparks, et al., defendant. Court of Common Pleas, Marion County, Ohio. Case No. 32363.

In pursuance of an Order of Sale from said Court to me directed in the above entitled action, I will expose to sale, at public auction, at the East door of the Court House in Marion, Marion County, Ohio, on Saturday the 28th day of August 1954, at 10:00 o'clock A. M., the following described real estate, situate in the County of Marion and State of Ohio, and in the Village of Prospect to-wit:

Situated in the village of Prospect, County of Marion, and State of Ohio. Known as the north part of Lot B in said village of Prospect formerly Middletown, Ohio and more particularly described as follows: Beginning in the East line of said lot B, 100 4/12 feet North of the Southeast corner of said Lot B; thence west parallel with the South line of said lot to the Scioto River; thence up and along said river to where the East line of said lot strikes said river; thence South along the East line of said lot B to the place of beginning. Said north part of Lot B being improved with a partial double frame dwelling consisting of 10 rooms known as 209 and 211 North Main Street, Prospect, Ohio and a 3 stall cement block garage with grease pit and one frame building used as filling station partially destroyed by fire known as 213 North Main Street, Prospect, Ohio.

Said Premises Appraised at $1,763.00 and cannot sell for less than two-thirds of the appraised value.

Terms of Sale: 10% on day of sale and balance on delivery of deed. Advertised July 16, 23, 30 and August 6, and 13, 1954.

GLENN OHENOUR
Sheriff Marion County, Ohio
J. D. Williamson, Attorney
July 16,23,30;Aug. 6,13,1954.

LEGAL NOTICE

Lillian Joy Davis, whose address is Otisville, Michigan, will take notice that Howard L. Davis has filed his petition against her in the Court of Common Pleas of Marion County, Ohio, same being case number 32154 in said Court. The prayer of said petition is for divorce and other relief.

Said petition will be for hearing on and after six weeks following the first publication of this notice.

House Votes $15,900,000 in Hospital Aid

WASHINGTON (AP) — Overriding its appropriations committee in response to White House prodding, the House today voted $15,900,000 for grants to states for expanded hospital construction.

The appropriations committee had turned down President Eisenhower's request for $35,400,000, approving instead a two million dollar allotment for surveys and planning.

The $15,900,000 voted by the House on a standing count of 80-41 was added to a catchall supplemental appropriations bill. The House previously had yielded to the President's request for funds for airport and ship construction, which the committee had rejected.

The hospital funds would be used for construction of diagnostic centers, chronic ailment hospitals, rehabilitation centers and nursing homes, with each state being assured of at least $300,000.

The new facilities were authorized only a few weeks ago by Congress as an expansion of the present general hospital construction program.

All but $200,000 of the funds voted were earmarked for actual construction. The $200,000 is for administrative expenses of the program.

4-H Club News

Pleasant Cloverettes 4-H Club met at the home of Miss Rosemary Mautz Tuesday evening. Members worked on their fair project and discussed a proposed trip.

Shirley Seiter was named to head a group which will present a broadcast July 27 for National Safety Week. Assisting her will be and Monta Jean Seiter. The topic will be "What do I owe the community in the matter of safety?"

Darlene Miller and Barbara Burton served on the refreshment committee.

—:—

Projects of the Green Camp Junior Busy Bees 4-H Club will be graded next Wednesday afternoon. The Busy Bees met Tuesday night at the school. Completed projects were turned in at the meeting.

—:—

An ice cream social was discussed when members of the Morral-Grand Prairie Farmerettes 4-H Club met Monday at the home of Joan Williams. Refreshments were served.

YOUTH'S BODY RECOVERED

LEBANON, Ohio (AP) — Searchers yesterday found the body of Bob Jones, 16, of Kings Mills, lodged in a clump of trees in the Little Miami River. The body was found below a dam near where the youth disappeared Wednesday while floating on an inner tube.

BUCKEYE TREES

- EARLY OHIO SETTLERS USED THE SOFT WOOD OF THE BUCKEYE TREE FOR CABIN BUILDING AND MAKING FURNITURE.
- THIS SLOW BURNING WOOD WAS IDEAL FOR BACKLOGS IN THE FIREPLACE.
- PROPERLY PREPARED, THE BARK WAS USED IN THE TREATMENT OF FEVER.
- THE GRATED BUCKEYE NUT WAS USED AS STARCH.

Police Team Nabs Star Batter for Opposition

MIAMI, Fla. (AP)—As the Miami Police Department softball team warmed up for a game last night, the cops arrested the star batter of the opposition team.

Detective W. W. Watson picked up Louis Leon Shields, 20, on request of military police who said he had been AWOL from Fort Jackson S. C., since April 23.

Shields was the leading hitter of the Edison Center League. The game with the police was halted by rain in the first inning.

Reunions

TAYLOR

The 29th annual reunion of the Perry Taylor family was held recently at Lincoln Park. Covers were placed for 32 at a picnic dinner. Officers elected for the coming year were: Murray Carpenter, president; Eldon Jones, vice president, Helen Taylor, secretary-treasurer. Relatives were present from Harpster, LaRue Sycamore, Upper Sandusky, Marion, Edison, Morral, Columbus and Center Line Mich. The 1955 reunion will be held the third Sunday in July at Lincoln Park.

Boy, 4, Navigates Car 3 Blocks Before Crash

LOS ANGELES, (AP) — Jack Todora, 4, somehow freed the family car from a curb and steered it downhill through three intersections.

It was coasting at high speed when it hit another auto, turned it over and killed a Collie dog. It finally crashed into a house.

Jack escaped with a cut lip and three loose teeth.

$1 Check Mailed in '25 Returns Canceled in '54

DODGE CITY, Kan., (AP) — Mrs. Merritt Beeson thinks cash may be getting a little bit short in Vermont.

She received a canceled $1 check cashed only recently, which she had sent to Walter Lynds of Plymouth in 1925.

The check was sent to Lynds 29 years ago in payment for "pure Vermont maple products, made in President Coolidge's sugar orchard."

Alonzo W. Granger Res.—3-1417.

168 ACRES, half tillable, balance in potential building sites. Fine old home with two baths, nice kitchen with fireplace and Dutch oven, four bedrooms, (lots of closet space), new forced hot water heating system, storm sash and screens. Tenant house of six rooms, with water system, barn, granary, etc. located between Hoover and Delaware dams on the Worthington-New Haven hard road at Alum Creek. This property is the summer home of Col. Poston. Half the crops are included at $25,000. Might consider land contract. We think the value of this well improved tract should double in a short time. Drive out and look it over. The Postons will welcome you.

375 ACRES, ten miles from Marion. Nine room modern home, extra nice, big modern barns and machinery storage space, new copper clad fence all over, private lake, 90 acres corn, 70 acres beans. Half included at less than $75,000. Would trade for investment property. Will finance $40,000. Better see this. It's the right kind.

15 ACRES of pasture land. Nice building spot. Electric in, has stream, spring and enough big timber to build. $1,200, $300 down, $20 month.

100 ACRES, Worthington-New Haven pike, substantial buildings, good farm land, house modern except furnace, $9,450.

50 ACRES, half in corn, some heavy timber. Nine room house, full basement, barn 40x50, garage, crib, granary, fences good, running water, buildings need repair, price $6500, half crops included. Part cash, balance easy terms. A good chance to start.

NEAR GALION, 175 acres, modern eight room house, fine barn and outbuildings, equipped for Grade A milk, full line of almost new machinery, 40 head of registered cattle, hogs, chickens, ducks, and geese, as well as half of growing crops. Under $50,000.

68 ACRES, half tillable, half in timber, has well, no buildings, but plenty of saw timber, $3500; $500 cash, $30 month.

69-A—Want Real Estate Listings

WE NEED THESE
"PRESCRIPTIONS"
Parents and two babies in a stuffy apartment — need more fresh air and sunshine—preferably suburban—to $9000.
A professional man on 24-hour call urgently needs a suburban home where he can get to downtown district with no tracks to cross. He'll consider a good home to $20,000.
An executive desires to locate in the Heights—preferably in a brick home. However, says he's "allergic" to homes without basements.
Two cars and only one garage. Can't leave that shiny new "baby" exposed to outside elements any longer. A one-floor plan with basement and large garage will end the worries here. Must be East or South—east within city limits. From $18,500 up.

Advertisement

1953 Mercury
Sedan. Choice of two—One gray with blue top, one two-tone green—Both have radio heater, Merc-O-Matic, white wall tires (like new) Exceptionally clean and low mileage Real Buys!

1953 Pontiac
Coach This beautiful green "cream puff" has actually been driven only 7400 miles Here's a steal for some one Look it over today. You'll buy it.

1952 DeSoto
Sedan Blossom out in this sparkling green four-door with fluid drive, radio and heater. It's a good runner and in excellent condition—

1952 Lincoln
Sport Coupe A one owner 'fine car'' special Dark blue with cream top Very low mileage, Hydra-Matic, transmission. Heater, white wall tires. See this one!

1952 DeSoto
Club Coupe. One owner—driven only 10,000 miles. Radio, heater, power steering Two-tone blue and a beauty You can't go wrong on this one.

1951 Frazer
Sedan. This car delivered new for over $3,000. It still looks and runs like new Overdrive, radio and heater. Drive it. You'll buy it!

1953 Mercury
Two-Dooor. Merc-O-Matic, radio and heater. Here's as good a buy as you will find anywhere. Drive it—You'll buy it!

1950 Mercury
Sedan Here's one of those rare buys in a late model We've serviced it since it was sold new Look it over—drive it—it's worth much more than our asking price.

1950 Ford
Club Coupe. This Five-Passenger Coupe is light gray. Radio, heater, overdrive New seat covers. Just got it in Saturday and we won't have it long at this price.

1953 Nash
Station Wagon. The popular "Rambler." One careful owner who took pride in keeping his car clean Here's a real buy for some one wanting a station wagon.

1952 Dodge
Sedan This spopular "Coronet" model Fluid drive, radio, heater and it's all yours with a 30-day guarantee.

1952 Oldsmobile
"88" Sedan. A nice "88" Four-Door. Only one previous owner—radio, heater and Hydra-Matic Beautiful two-tone blue—

1950 Pontiac
Club Coupe. Beautiful two-tone finish. Radio, heater. Ex-owner's new Mercury consoles him for parting with this grand car. Nuff. said!

1952 Henry J
Two-Door. Here's a real special in a late model low cost transportation car. Sharp as a tack inside and out—and it's a 6 cylinder.

Husbands Endangered From Housemaid's Knee

NEW YORK—(UP)—Now, husbands are getting housemaid's knee.

Mrs. Madge Ferredy, who heads the consumer research division for a vacuum cleaner company, reports that husbands are assuming more of the home cleaning task. Mrs. Ferredy says she receives approximately 200 letters a day, answers to a cleaning questionnaire which goes out with every new cleaner.

"We're getting more and more letters from the men," she said. "Sometimes they ask our advice; sometimes they tell how they've simplified a cleaning job, or how they think we should make our next vacuum."

"The idea that cleaning is beneath the man of the house is an old-fashioned one," she concluded.

BULGE REWARD

CHICAGO (INS)—Mrs. Elsa Mae Cole, employe of a Chicago cleaning shop, noticed a bulge in a pocket of a man's suit that was to be cleaned. The bulge was a wallet—containing $600. The discovery was reported to the suit's owner who thanked Mrs. Cole and gave her a $10 reward.

May Be Permanent Ward

U.S. Holding Key to South Korea's Fate

(Editor's Note: President Syngman Rhee of Korea is arriving in Washington Monday to talk over his problems with President Eisenhower. In two articles earlier this week, The Associated Press has depicted the American aid program for Korea and the criticism it has run into. In this concluding article, an AP correspondent at Seoul depicts the Korea of today.)

By MURRAY FROMSON

SEOUL (AP)—The grim reminders of war are still here—bomb gutted streets, ruined buildings and the maimed and orphaned, but there's a new atmosphere in Seoul. And all over South Korea.

Reconstruction may not be going as fast as the government wants it to, but a government's discontent is not always shown by the people.

Third of a Series

With some assurance that they won't have to pack up and flee south tomorrow, the Koreans have buckled down to rebuild their homes and shops.

In contrast to last July 27, when the fighting stopped, the man in the street appears happier, better fed and better clothed today. Certainly, he's better off than any time since the Communists pushed across the 38th Parallel four years ago.

—:—

THERE ARE almost no big factories to indicate rapid recovery, though a number are in the works. But there are rows upon rows of small stands from which Korean merchants peddle their wares to the city shopper.

And there are plenty of shoppers. Seoul is bulging with people. Ever since the 8th Army relaxed its restriction on the return of civilians to Seoul, the people have been streaming back by the thousands.

Police estimate Seoul's population now to be about 1,600,000—some 400 thousand more than its prewar population—and going up everyday.

Men and women have taken to wearing Western clothes. The attraction for Western clothes by the women caused one U. S. soldier to remark that a U. S. mail order catalog is probably Korea's all-time best seller.

—:—

PUBLIC TRANSPORTATION has increased. Old streetcars contributed by St. Louis and Atlanta are always taxed to capacity.

The Seoul curfew horn still sounds at 10 p.m., but a few Korean men and women manage to go dancing and dining beforehand at one of several night clubs which have opened in the last year.

Industially, Korean factories are starting to produce, although their output is negligible. Lack of power has been a big hindrance, but that situation is gradually being remedied. The Korean farmer is having one of the best crops in many years.

American economists here are learning, like their military predecessors, that there were few opportunities for the Koreans to develop leadership under the 40-year Japanese rule. With Foreign Operations Administration funds, the republic is hiring highly skilled foreign technicians and firms to handle the reconstruction job.

It will be a job to find enough technically-skilled Koreans to run the country's future industry.

—:—

THERE IS ALSO the problem of the ROK (Republic of Korea) Army. When President Syngman Rhee learned of plans to gradually withdraw U. S. troops from Korea, he sought American support for a buildup of his own army. The U.S. contribution toward maintenance of the present 20-division force is estimated at about 300 million dollars annually. Rhee has asked for nearly 20 additional divisions.

But Gen. James A. Van Fleet said recently he did not think the ROKs could maintain more than their present 20 divisions in combat conditions. The manpower is available, however.

The key question is this: is South Korea destined to be a permanent economic ward of the United States? There is no ready answer today, but C. Tyler Wood, head of the Foreign Operations Administration here, says a steady growth in the value of Korea's gross national production will end the need for extensive aid.

VOTE AGAINST AMENDMENT

WASHINGTON (AP) — Both Ohio Senators, Bricker (R) and Burke (D), yesterday voted against an amendment to the atomic bill which would authorize federal construction of atomic plants to provide commercial power. The Senate passed the amendment, 45-41.

In remote New Guinea areas, painted and feather-decked natives still make Stone Age tools, says the National Geographic Society.

Dead, Injured Listed In British B47 Crash

LONDON (AP) — U. S. Air Force headquarters today released the names of the dead and injured in Wednesday's crash of a B47 Stratojet bomber at Fairford, England.

Killed was Lt. Thomas C. Hutto, Birmingham, Ala., the observer.

Slightly injured were Capt. James B. Grewe, Allerton, Ill., the bomber's commander; Capt. Kenneth D. McConnell, Watsonville, Calif., pilot; and Sgt. Roy H. Aeh 1331 3rd St., Portsmouth, Ohio, a passenger.

The plane undershot a runway in attempting a landing.

MAKE RACE PLANS

COLUMBUS, Ohio (AP)—American Legion posts in Franklin County and airmen at Lockbourne Air Force Base announced they are working on plans for the National Sports Car Races on the field's runways Aug. 8.

Housewife in Chicago On Wrong Side of Fan

CHICAGO (AP)—There are two sides to a fan, and Mrs. Stella Wojciechowski, 61, says she lives on the wrong side of one.

Mrs. Wojciechowski complained in Police Court yesterday that an air conditioning fan in her next-door-neighbor's window blows hot air into her bedroom "so I'm warmer while he's cooler."

Judge Mason S. Sullivan issued a warrant charging the neighbor, M. A. Kupsik, with disorderly conduct.

AMBULANCE CALL

FORT WORTH, Tex. — (UP)— Dr. John Nesselrode, interning at City-County Hospital, was supposed to pick up his wife—a nurse at the same hospital—when she got off from work. But Nesslrode, who got off duty earlier, arrived at the hospital in an ambulance. En route to pick up his wife, his car had collided with a truck and he suffered a hip fracture.

POLISHED OFF

HARTFORD, Conn. — (UP) — Good things may come in small packages for some people, but not for Mrs. Margaret O'Connor and her daughter, Margaret. The two were slightly injured when a tiny bottle of nail polish exploded. They had placed it on a hot stove.

Although forests cover a third of the Saar and crop land another third, the country has almost a million people in 991 square miles.

Knowland in Difficulty

Atomic Energy Bill Fuss Upsets Senate Timetable

By JAMES MARLOW

WASHINGTON (AP)—The Senate, proud of its rule which lets a member talk till he's speechless, is working the rule overtime. It has been talking steadily, all day and all night, around the clock, since Wednesday morning on atomic energy. It probably will still be talking on this next week.

Sen. Knowland of California, Senate Republican leader, made up his mind he'd get action on the administration's bill to make some major changes in the atomic energy law if he had to keep the 96 senators, including himself, in steady session to the point of exhaustion.

His challenge was taken up by a number of Democrats and Sen. Morse, Oregon Independent, who doesn't like the changes and probably wanted to show him they couldn't be pushed. They've done most of the talking. And they've had plenty of excuses for talking.

The atomic energy act, passed in 1946, is the basic law on the development and control of atomic power for both military and peaceful uses. That act contains 21 sections. The bill now before the Senate would make changes in all 21 sections.

—:—

AND WHILE ONE senator might be willing to buy one change, but not another, and since the Democrats as a group don't like the bill as a whole, they're having a field day arguing against the bill, piece by piece.

Although Knowland is determined he'll keep the Senate in session until the bill is settled, one way or the other, and he hopes it will be settled in favor of the administration, he's up a bit of a tree. He had hoped the Senate could wind up its year's work by the end of July. In fact, he had planned on it.

His schedule is getting booted out the window. And that isn't all. The House was to begin debate on the same bill on its side of the Capitol today. Since there is a limit on debate in the House, that chamber should make up its mind, for or against, pretty fast.

—:—

BUT IF IT passes the bill and the Senate doesn't, there won't be any changes in 1946 law. If House and Senate both pass, and changes voted into the bill in both chambers are not identical, then they'll have to set up a joint committee to iron out the differences.

And when that's done, if it can be done, the compromise bill lands back in both Houses for final approval and there may be more rumpus.

The atomic energy act of 1946 was passed only shortly after Congress and the people had discovered they had a strange, new and startling possession that could work for the good of mankind in medicine and power and for his destruction with the bomb. The United States, at the time, had a monopoly of atomic weapons.

The law was built around that monopoly: To guard the secrets of the bomb and atomic energy. Even friendly nations, under the law, could not be let in on those secrets. And the government was given a monopoly on developing atomic power.

—:—

IN THE EIGHT years since 1946 there have been great changes: Russia developed the bomb on its own. Some of the Allies developed atomic energy. There were scientific and technical advances. So the Joint Committee on Atomic Energy—made up of House and Senate Democrats and Republicans—finally produced the bill now before the Senate to make changes in the 1946 law. Here are some of the major ones:

1. Let the President share information, now secret, with Allied nations on nuclear weapons and their use in future defense or possible wars.

2. Let the President disclose peaceful atomic information. This would include the Russians. The President suggested international sharing of peaceful atomic information last year.

3. Loosen up on the present tight security regulations on atomic information so industry and public and private businesses and agencies can do research and get into expected commercial development.

4. Designate the chairman of the five-man Atomic Energy Commission—now Lewis Strauss—as its "official spokesman."

5. Let the AEC issue licenses and patents in the field of nuclear facilities and developments.

The Democrats have been particularly banging away at Nos. 3, 4 and 5. They've expressed suspicion that a few big private concerns could get a monopoly hold in a field which has cost the government billions of dollars to develop so far.

Swimming Class Certificates Given 29 by Red Cross

Beginner certificates were awarded to 21 persons who successfully completed the classes in water safety conducted from July 6 to 17 at Crystal Lake by the Marion County Chapter of the American Red Cross, R. H. Brandt, chairman of water safety reported today.

Eight other persons were awarded cerulficates for completing the intermediate course. In charge of the classes were Miss Jane Frew and Miss Josephine Judy.

Assisting as instructors were James Forsythe, William Marble, Miss Suzie Gunder, Miss Joyce Butterworth Miss Ruth Smith and Miss Francis Smith. A total of 71 persons registered for the course.

Receiving intermediate certificates were:

John Pedersen, John Gunder, Barry Salzman, Pat Schwaderer; Melissa Wells, Julianne Wells, Carolyn Oldaker, and John Brown.

Receiving beginner certificates were: John Kyle, Kenneth Thorpe, Ronnie Lee Retterer, Gloria Caprino, Bonne Kille, Dana Plough, Phyllis Ware, Shirley Rinderle, Wilma Rinderle, Marilyn Ware, Thomas Needham Jr., Richard Richards, Mrs. June Yake, Mrs. Luella Schwartz, Nancy Dickson, Jane Dickson, Emmett Ledford, Carol Caprino, Charlotte Ann Plough, Gary Lee Todd, and Donald Schwartz.

Postmark Was Phony, Grand Jury Believes

CLEVELAND (AP)—The postmaster of Killbuck, Ohio, has been accused of stamping a phony postmark on a bid for surplus war goods.

A federal grand jury here returned a three-count indictment yesterday of Milan E. Croul, 59, the postmaster, and William V. Fischer, 50, an Akron promoter.

The two men were charged with falsifying a postmark to beat a deadline on bids for surplus air compressors sold at the Lordstown, Ohio, ordnance depot. The deadline was March 4.

According to the charges, the men allegedly prepared a bid the afternoon of March 4 and mailed it to the depot after postmarking it March 3.

Croul, who operates an appliance shop, has been postmaster in the small Holmes County town since 1939.

The air compressors, government attorneys said, might have been disposed of for about $600 apiece. Their bid was for $124 a unit.

PARKING PROBLEM

CHICAGO—(UP)—If the same percentage of Londoners drove their cars downtown as do Chicagoans and New Yorkers, the British capital would suffer "complete paralysis," according to Leonard F. Dyer, who operates the largest parking lot in England. Attending the annual convention of the National Parking Association in Chicago, he predicted helicopters would help reduce transportation problems in the not-too-distant future.

Gardening Takes Railroading's Place

Roy E. Crawford Spends Time Planting After 53 Years With Erie

Better than a half century ago, Roy E. Crawford of Green Camp began his railroad career.

Now, after 53 years of railroading, he has retired.

His "traveling days" over, he plans to devote more time to his large vegetable and flower garden and just enjoying his home.

—:—

CRAWFORD BEGAN at a very early age in 1900 as a water boy in Galion for the Erie Railroad and ended his career as operator of an Erie yard engine in Marion. He had progressed from the ranks of water boy to the roundhouse, machine shop and finally into the boiler shop during the years from 1900 to 1904.

In 1904, Crawford went on the road, firing an engine until 1911, when he was promoted to freight engineer. In 1913, Crawford moved to Marion, continuing his job as a freight engineer. In 1943, he was made a regular passenger engineer and he remained a passenger engineer until shortly bfore his retirement when he took over the yard engine.

—:—

FROM HIS 53-year career, the Green Camp man remembers many thrills and exciting experiences, but during that time was never involved in any serious accident. He has many memories of the old hand-fired engine and the improvements of power from steam to Diesel.

The Brotherhood of Locomotive Enginemen has given Crawford an honorary life membership and he is to receive a gold pass from the Erie.

Mr. and Mrs. Crawford moved in 1951 to Green Camp where they made their home. Now that he's retired, Crawford plans to become a full-time gardener, except for the time when he's hunting squirrel. His gardening hobby is of long-time standing and he currently specializes in tomato plants.

—:—

CRAWFORD, who was born in Whetstone Township, Crawford County, claim relationship to Col. William Crawford of Indian war fame. His grandfather was a first or second cousin of the Indian fighter.

The retired railroader has two children living in Columbus. They are Miss Annabelle Crawford and Kenneth Crawford. Both attended Marion schools.

WITH 53 YEARS of railroading over, Roy E. Crawford of Green Camp is "taking it easy," or reasonably so. His large flower and vegetable garden keep him pretty busy. He's a former Marion resident.

New Mexico Governor Follows Law to Letter

ALBUQUERQUE (AP)—Gov. Edwin Mechem, former FBI agent, lives up to the letter of the law.

He got a ticket for overparking.

He sent a note from his Santa Fe office with a $1 bill attached to the ticket. The note said:

"The attached was attached to my car for overstaying my leave. If the enclosed is not sufficient to pay the charge, please advise me or, if you want me to appear in person I will do so."

The judge said Mechem won't have to appear.

Ethel Merman Ill

BEVERLY HILLS, Calif. (AP) — Singer Ethel Merman is confined to a hotel suite with subacute appendicitis. She is receiving treatment to avoid surgery at present because she is making a movie. Miss Merman expects to return to her role next Monday.

Rubirosa Asks Working Permit for Role in Film

LOS ANGELES (AP) — Porfirio Rubirosa, wealthy Dominican Republic playboy-diplomat, wants a work permit.

The 46-year-old husband of heiress Barbara Hutton applied yesterday to the U. S. Immigration and Naturalization Service.

He said he wants to play a gambling saloon keeper in a western movie. It will star his present heart interest, Zsa Zsa Gabor.

Rubirosa entered the United States at New York last June 29 on a visitor's visa for vacation purposes. His application was taken under consideration.

Bible Words for Today

ISAIAH 30:15 — "....In quietness and in confidence shall be your strength...."

* * *

The tempo of modern life is not conducive to quietness. Our age is one of speed and noise. Quiet meditation is an art that is well nigh lost. The hurry of life must be punctuated with seasons of refreshment or life will break down. There is a point beyond which the stress cannot be borne. This bit of Scripture is a summons. It calls upon us to stop for a moment of quietness that composure might be gained to fit us for the journey ahead.

The prophet tells us that these are God's words to Israel. If they were appropriate for Israel there and then, they are even more so for us here and now.

Our inner strength is replenished during moments of prayerful stillness. Such stillness is born of an unfaltering faith in God who is "keeping watch above His own."

When one discovers this truth for himself and makes it his own, he becomes like the weary traveler who runs upon "a spring in the desert."

Dr. Robert Houston Smith

Richwood Church Plans Revival

Richwood Methodist church will begin a revival meeting Sunday, Aug. 1, with the Rev. Ralph Hollingsworth, pastor of the Claridon Methodist church, as evangelist.

Services will be held each evening at 7:30 o'clock, except Saturday, Aug. 7, when the meeting will close at 10:30 a.m. with a basket dinner at noon.

Rev. Hollingsworth will also preach at the 10:30 a.m. worship service on Sunday, Aug. 1.

Rev. Floyd Stevens, pastor of the church, announced that the choir will sing each evening.

Pennies Saved for Four Years Pay for Wedding

BISBEE, Ariz (AP) — For four years Joseph S. Santi saved his pennies.

"This," he told Lydia Mae Lawson, holding a cloth bag crammed with coins, "will pay for our marriage license and the judge's fee."

The couple yesterday handed the 1,500 pennies to Superior Court Judge Frank Thomas.

He kept 200 for the license, married Joseph and Lydia and handed back the rest as a wedding present.

Lubbock, Tex., Repeals Speed Limit for Horses

LUBBOCK, Tex. (AP) — The city commission here has decided old dobbin can horse around as much as he wants to.

Not without considerable horseplay, the commission yesterday voted repeal of a 45-year-old ordinance—No. 13—which regulated horse-drawn vehicles with an 8 m.p.h speed limit.

A "compromise" move by Commissioner S. S. Forrest to raise the speed limit to 10 miles per hour was defeated.

STRIKE AUTHORITY VOTED

AKRON, Ohio (AP)—CIO United Automobile Workers members at the Goodyear Aircraft Corp. here have granted strike power to their union negotiators. The company and union are holding talks covering their entire contract, which affects about 4,500 production workers and expires Aug. 8.

Church Briefs From the District

Beginning Sunday, a new schedule of services at the Ashley Methodist Church will be in effect. Church School will be at 9:30 a.m. and worship service at 10:30, each a half hour earlier than the previous time of meeting. This arrangement will continue through Sept. 19, the pastor, Rev. H. L. Borden, announced. The WSCS will meet at the church Wednesday afternoon next week.

—:—

Sunday at St. Paul Lutheran Church at Prospect the sermon subject will be "The Meaning of Our Baptism." Church Council meeting will be held Monday night. Rehearsal for special music is set for Wednesday night.

—:—

Guest preacher at First Methodist Church in Richwood Sunday morning will be Rev. B. F. Reading, retired minister of the denomination.

—:—

"The Superior Life" will be the sermon subject Sunday morning at the Nevada Lutheran Church.

—:—

A youth round-up has been set for next week at the Brookside Bible Ranchette near Cardington, begining Monday. Rev. Marvin Lewis of Bob Jones College, formerly of Marion, will be the speaker. Girl musicians will present special number arrangements on the accordion and piano, and will sing. The nightly services will continue through July 31 and will be at 8 o'clock. While in Marion Rev. Lewis conducted a daily radio broadcast, and was associated with Rev. C. E. Hershey in the Youth for Christ movement.

Drugstore Clerk's Hunch Was Right

KANSAS CITY (AP)—When a drug store employe got a telephone call to make a liquor delivery, he recalled that in the past such orders had resulted in holdups.

So Howard Goldenberg of the Highland Pharmacy decided to make a preliminary investigation before delivering the liquor. He left his billfold in the store, picked up a .38 pistol and drove to the address given by the caller.

As he got out of the car, two men met him, relieved him of his keys, cigaret lighter, watch—and the pistol.

Police Provide Answer

OMAHA (AP)—Police Lt. Dominic Hannigan told this one:

A lady telephoned him and said she wanted to settle an argument with a friend. Her question was: "If you come home and find a burglar in your house, can you shoot him in the back or do you have to wait until he turns around? My friend says shooting a burglar in the back is against the law."

The lieutenant's answer was "hold your fire and call the police."

Anniversary of a Reality

If all citizens of the United States could listen to the talks between President Syngman Rhee of Korea and State Department officials in Washington when the old patriot arrives late this month, they would learn about the realities of Asian power politics.

It will be the first anniversary of the signing of the truce ending the Korean war, which makes it the anniversary of a reality that dawned on the United States suddenly and explosively. The reality was the discovery that Asia contained a military force — Red China—that could not be defeated without a major military effort which the United States and the United Nations were unwilling to make.

The reality now has been discovered again in Indochina, where France has been on the receiving end of a shattering disillusionment.

President Rhee needs to be a philosopher in his last days. The thing he hoped to do for three-quarters of a century is blocked by forces he cannot control. Japan, which he hates as an oppressor, is going to be proposed to his government as a defender because Japan is being strengthened by the United States to offset Red China's power. Yet, there would have been no Red China if the United States had not defeated Japan in the first place and thereafter permitted the Communist conspiracy to take over Nationalist China, its wartime ally.

President Rhee knew from the beginning what many Americans still have not comprehended —that it was not the Republic of Korea that was "rescued" from the Communists by fighting the Korean war but the kingdom of Japan.

He made no secret, when the Korean truce was signed, that he thought his republic had been left at the mercy of the Communist wolves who tried to swallow it at one gulp and now would be able to devour it a bite at a time. He threatened to reopen the war, and he still might be tempted to make such an error if he finds no hope of security in the prospect of an alliance with Japan.

That is one of the reasons he is coming to Washington — to learn why it would be an error from a government involved in Asian power politics all the way up to the astonished eyebrows of its diplomats and taxpayers, many of whom yearn for isolation as though they still had a choice.

Dynamic Democracy

A great tragedy of the 20th century is the false impression that the Kremlin is the command post for worldwide revolution.

The fact is the Kremlin is the command post for a counter-revolution against worldwide revolution — the revolution against oppression. The most feared country behind the Iron Curtain is the United States, which has an irresistible appeal for oppressed people throughout the earth.

Thousands of them would run away from their oppressors if they could. Many thousands have run away — and since 1933, when it was founded, the International Rescue Committee has given direct aid to more than 100,000 of these. They came at first from Germany and its satellites. Today, they are coming from Russia and its satellites. They need help to start their new lives.

The International Rescue Committee has made a statement that reveals what dynamic democracy should be doing to carry on the revolution of freedom. "What we must do if we are to survive the present world struggle," it says, "is to convince the rest of the world that American anti-Communism is a positive and creative, as well as a negative, thing. We must show them by our deeds that not only do we oppose Communism, but also that we propose democracy, propose freedom and independence for all people, everywhere."

Everybody who understands Communism is opposed to it. But not everybody who understands freedom is proposing freedom as the alternative to oppression and to the systematic degredation of human dignity practiced by dictatorships.

Many beneficiaries of freedom are losing the revolution against oppression by default.

Anyone for Bobsledding?

You probably saw it too — the first football picture of 1954. The Los Angeles Rams are hard at work, with their opening game scheduled for Aug. 18 in the Coliseum.

Last spring, the baseball players were hard at it long before the basketball players had wound up their season, even in the places where the basket season is short and sweet. And this summer, the basketball players are still at it in the places where they play basketball 12 months a year — for pay.

Next October, the baseball players will be infringing on football's legitimate territory. And long before the last plunging lineman has made his last plunge next January, the basketball players will be halfway through their regular schedule.

All this overlapping of what formerly were seasonal sports isn't novel any more. It isn't even news. It is just a reminder that the public appetite for sports spectacles is insatiable and that some day sports spectacles will run concurrently — football, basketball and baseball all mixed up together, with no observance of seasons whatsoever.

Price of Appeasement

By David Lawrence

U.S. Loses Faith in France as an Ally

Maybe the French government and the French people will not realize for some time to come what they have truly lost by the debacle in Indochina.

For one thing they have lost in America some of that wholehearted faith which has prompted the Congress to spend nearly a billion dollars a year to help the French hold out in Indochina. They may have lost also a reliance by this country on the will of France to fight if the Communist invader marches across Europe. In either case, it's a damaging blow to the prestige of France.

Never before has the weakness of the French as an American ally been so dramatically demonstrated, and it cannot but hasten the "agonizing reappraisal" which America will be asked to make now in order to concentrate her money and her manpower on the defense of this country.

It is an open secret that American military men have grown increasingly skeptical about the wisdom of maintaining large American forces in Europe which could be faced with the necessity of an emergency evacuation if some future French cabinet suddenly decided to appease the Communist aggressor, as has just been done with Indochina.

-:-

FOR SEVERAL MONTHS now the French government has dilly-dallied with the European Defense Community plan. It is well known that the principal opposition inside France to the continuance of the Laniel cabinet was not its inability to liquidate the Indochina war but its sponsorship of the EDC plan.

Now, with the Indochina truce a matter of history, the question is whether the cabinet of Mendes-France will dare to go ahead with the ratification of the EDC agreement.

The prospect is a doubtful one and, while not rejecting the EDC plan out of hand, an evasive maneuver may be begun to amend the plan. This could amount to the same thing as scuttling it.

The 100 Communists in the French parliament, plus the left-wing groups there, are bitterly opposed to EDC and with the rising tide of Moscow's prestige — manifested dramatically by her domination of the Indochina settlement —the real undercover campaign of the Soviet government now will be to try to kill EDC.

-:-

IF THIS HAPPENS, a movement here to have American forces brough back home can be expected. This would be a tragic alternative because then the Communists would have a free hand in Europe, and West Germany would be sacrificed. There are French officials, therefore, who think that, no matter what they do about EDC, the United States will continue her economic and military aid to France.

They may be guessing right on this, though at the same time it is apparent that the drive to get a "new look' on the military side will not be slowed down.

The main criticism of what has happened in Indochina is coming from Air Force circles, where it is insisted that America is investing too much money on uncertain partners — countries where bases may be lost at any moment. This makes a case for intercontinental bombers and for a stepping up of naval air power as well, so that America's defense against atomic attack will not be dependent on uncertain allies.

America has an important air base in Morocco. The Communists are fomenting more trouble there, as they are in Tunisia. The northern borders of Africa are infested with Communist saboteurs who are bent on stirring up friction.

The present cabinet in Paris is well aware of the danger of more revolutionary disturbances in Tunisia and Morocco and is inclined to adopt a conciliatory course and to try giving the nationalistic elements some important concessions.

These probably will not satisfy them, or at least the Communist mischief-makers will see that they do not end the trouble.

-:-

IT IS IRONICAL to go back now and read how ready some members of Congress were to condemn Secretary Dulles a few weeks ago as responsible for what was happening in Geneva.

It is now apparent that the French and British were pulling out. He was well aware that the French planned to scuttle Indochina.

As it turns out, Dulles was wisely striving to disassociate America from the appeasement plot. He has managed to keep America's moral position free. Hence the United States is in a strong position now to question the good faith of the Communists, who have been claiming they were interested in the fulfillment of the aspirations of the people of the Indochina states for full independence.

Those people now will get the Communist kind of "independence" so well known to the enslaved populations of Poland and Czechoslovakia.

(N. Y. Herald Tribune)

T. Manville's Research

By TRUMAN TWILL

Recent inquiries concerning T. Manville, the Twillery tomcat, have been turned aside with equivocal answers because they could not be answered. He could have been playing polo with his old chum Ruby Rosa. He could have been with Byrd at the South Pole. No one knew.

But T. Manville has been located. He is carrying on a study of felinity on farms. He thinks this has great importance for its bearing on agricultural efficiency and suggests that improving the strains of cats now found on farms might add as much as a billion dollars a year to the national income.

He is living on a 18-acre farm ten miles from home.

Besides improving the strain of black cats to the best of his ability, which he says is his idea of seifless philanthropy amounting almost to altruism, T. Manville claims his first-hand observations may lead to the development of supercats weighing from 10 to 20 pounds and able to take full responsibility for the eradication of everything from mice and chipmunks on up the line to rabbits, squirrels and unwanted dogs.

This would be done, he points out, by forced feeding of young cats on nature's most abundant and most natural food—milk. Since it already is universal practice among dairy farmers to keep large numbers of cats on the premises to minimize losses of feed by mice and rats, the arrangement will meet no opposition.

It will be better in some instances to use milk to feed cats than to sell it for ordinary commercial purposes because in only a few years a milk-fed cat will bring as much as $5 in the open market, he predicts.

Furthermore, by forming a national association similar to the American Kennel Club, which whoops it up for dogs, snobbery could be introduced to felinity and a well bred cat with a pedigree would be worth its weight in gold as breeding stock. This is another of his predictions.

These are the things T. Manville is working on in connection with his study. A better strain of cats in all categories. A better understanding of felinity among farmers. A market for surplus milk. And an adaptation of the registered dog racket to catdom. The rascal even has picked out a registration name for himself. He would be Midnight Baby I.

In any event, his whereabouts now are known, although he refuses to have anything to do with writing while engaged in this important graduate study. Writing, he says, is for people who lack ability to do the things that get written about. Perhaps in the late fall or early winter, when the slow season for improving felinity arrives he will come back to the writing game. Until then, he intends to make his name ring down through the ages, like that of the ancestor of all American trotting horses, Hambletonian . . . Midnight Baby I!

T. Manville thinks this is a thought to conjure with, and he may be right. He also may be a little addled from the humidity and the rigors of his research.

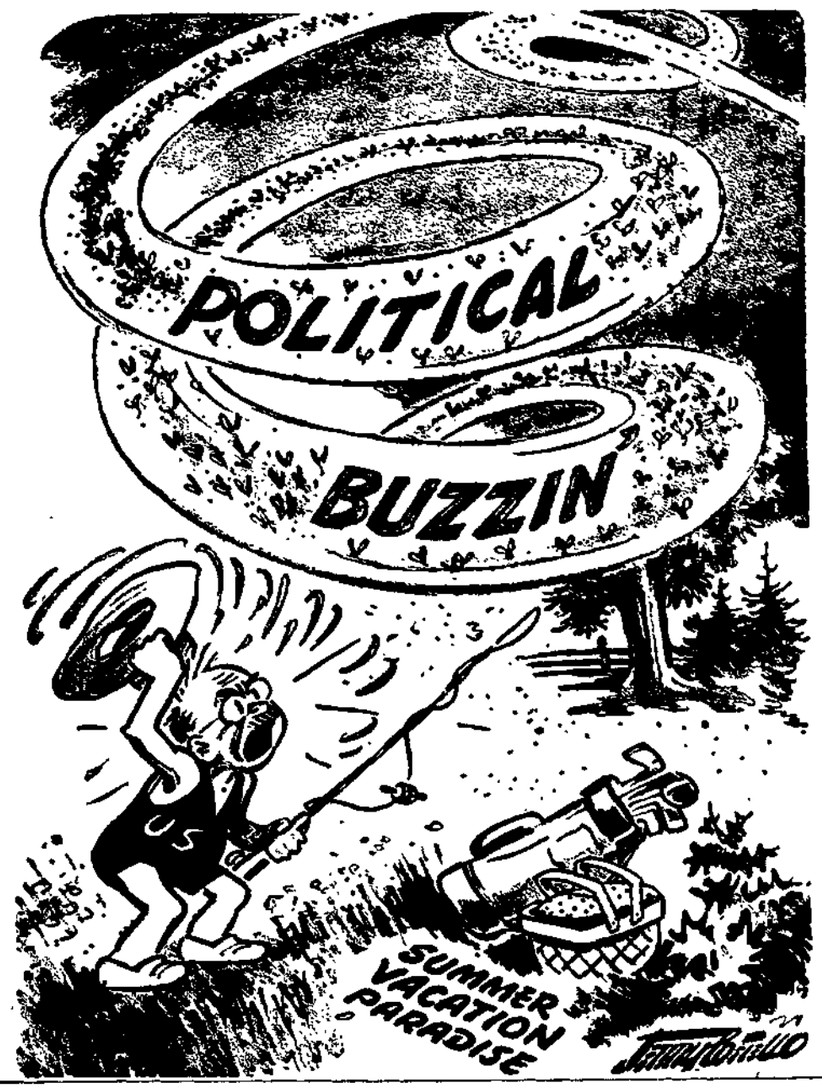
Marion County History Brevities

By EDNA S. DUTTON

Marion County's frist commissioners were elected in October, 1824. They were John Page, Amos Wilson and Enoch B. Merriman. To determine their time of service the men cast lots with the result that Page was elected for three years, Wilson for two years and Merriman for one year.

Sex education and home economics are all very well, but a lot of marital troubles can be traced to the schools' failure to give future wives a good course in how to read a road map.

Aw, G'way Dang It



Morse Unsurpassed for Verbosity

By Raymond Moley

The senatorial colleagues of Wayne Morse probably hold a variety of private opinions of him. Some no doubt regard him as a plain nuisance; others as a dangerous radical; and still others as a useful gadfly.

There must be some, however, who have come to appreciate that they are privileged to sit in the same assembly and to share the same air-conditioned atmosphere with a revival of that prodigy of ancient and medieval times, the pansophist.

The breadth of his outlook and the variety of subjects which he discusses suggest nothing short of omniscience.

To illustrate that fact, even in a fragmentary and incomplete fashion, I have scanned the Index of the Congresssional Record for the comparatively short period from May 24th to July 2nd. Further researches would no doubt reveal even more amazing ranges of the Oregon senator's concerns, but this will suffice as a hint.

-:-

IN THAT PERIOD Morse caused to be printed at public expense 25 articles, letters, and resolutions by people and organizations outside the Senate. Meanwhile, he introduced five bills and resolutions and eleven amendments to bills before the Senate. It was in the range of his remarks, however, that his true versatility manifested itself.

He presumed to speak on no less than 49 subjects. To paraphrase Bob Ingersoll on Shakespeare, his oceanic mind would touch all the shores of knowledge. Alas, we have no record of his private ruminations, cogitations, and commentaries!

The number of subjects for which Morse interrupted the business of the Senate offers only a faint notion of the time and printed matter which he consumed. In some debates he places speakers in a perpetual posture of yielding for questions—mostly oratorical—and remarks

My space here does not allow a complete listing of the Morse anthology of learning, because said space is paid for by customers, not taxpayers. A few specimens will suffice.

-:-

MORSE DISCUSSED, among many other things, Basque sheepherders, Prince Georges County, Md., Syracuse University, universal copyright convention, housing, jitterbugs, atomic energy, McCarthy hearings, McCarthy, music, "Texas Hill Country Foundation, Jack Alexander, Irwin County, Georgia, wire tapping, and Napa County, California. There were many references, of course, to Oppenheimer, to public power, to public lands, the Constitution, Indochina, foreign policy generally, Geneva, and agriculture.

By way of placing the junior senator from Oregon in perspective, let us note some comparisons with a very few of his truly hard-working colleagues. The first is one whose words are few but his services immeasurably constructive, Sen. Cordon, also of Oregon.

He introduced four bills and resolutions and to amendments. He talked on a few subjects mainly in line with his committee work. Cordon chittered up the record with little printed matter from outside sources. Sen. Byrd is known to the nation as an indefatigably busy senator. But he placed only eight articles from outside sources in the Record, introduced two bills, one amendment, two resolutions, and made remarks on 11 subjects.

-:-

SEN. DIRKSEN, is no silent man, but he fell far behind the matchless Morse. He spoke on only six subjects. Dirksen's colleague from Illinois has a propensity for debate and, I might add, very often for useful purposes. But his record is numerically mediocre by Morse standards. He inserted 10 printed pieces, introduced 15 bills, resolutions, and amendments, and spoke on 25 subjects.

Some years ago, I wrote in one of these articles of the extraordinary silence of Margaret Chase Smith of Maine during her first year in the Senate. I compared her favorably with some of the men to show that women were not necessarily great talkers. I added that perhaps she was waiting to have the last word.

However, when that time comes, I fear that if the junior senator from Oregon is still there, he will interrupt her valedictory with a request that she yield for a question.

(Associated Newspapers)

They Hold Purse Strings

Fifty Represenatives and 23 senators in the 531-member U.S. Congress have the strongest grip on the federal purse strings. They are the members of the House and Senate appropriations committee, and what they say about the amount and kind of federal spending generally becomes law.

The power of these committees, particularly the House group, stems from these facts: No money can be withdrawn from the federal treasury without the consent of Congress in the form of an appropriation bill; and all money bills must originate in the House Appropriations Committee, with both appropriations units acting on the bills before their respective chambers do.

Although the House and Senate have the final say on these bills, they follow closely the recommendations of their appropriations committees, headed in the House by John Taber (R-N.Y.) and in the Senate by Styles Bridges (R-N.H.). Clarence Cannon (Mo.) is the ranking Democrat on the House group, Carl Hayden (Ariz.) on the Senate unit.

In the 83rd Congress, these committees frequently have been successful in obtaining House or Senate approval, dollar for dollar, of their money recommendations, a Congressional Quarterly survey shows.

In 1953, the House passed 8 of 12 annual appropriation bills without a single change in the money provisions recommended by its appropriations groups, and added only $21,800,000 — a small fraction of the $52,800,000,000 carried in all the bills — to the remaining four measures. The eight bills approved intact carried funds for six of the nine federal Departments, all the independent federal offices, the District of Columbia, and the legislative and judiciary branches of government:

The Senate in 1953 approved six of the 12 bills with the money provisions of its appropriations unit intact, including the $34,500,000,000 proposed for the Defense Department.

Of the 10 major money bills cleared by Congress during the current (1954) session, the House has passed three without dollar changes. The three bills carried funds for all the independent offices, Army civil functions, and the Treasury and Post Office Departments. The House also approved intact recommended funds for the State and Justice Departments, the U.S. Information Agency, the Judiciary, and the Navy and Air Force, although there were money changes in the bills in which they were included.

The Senate so far this year has approved without money changes 4 of the 10 bills, with funds for 6 departments, and Army civil functions. The proposed appropriation for the Judiciary branch also was approved intact as it came from committee.

In all, the House attempted to added only $73,460,000, the Senate $358,900,000 to the bills. The 10 measures went to the White House with total appropriations of 42.7 billion.

The House and Senate have also followed committees recommendations for limiting the number of federal employes in a department or agency, liquidating a federal program altogether, revoking previously appropriated but unspent funds, and denying authority to transfer appropriations to a different program.

In a recent report, the House Appropriations Committee said it was "not disposed to relinquish the congressional prerogative of determining the amount of funds to be spent for a given activity . . ." This is a power that in fact centers primarily in the appropriations committees.

Daily Bible Thought

Moral danger is always at hand. Even pride is a danger than can destroy an otherwise fine character. "They draw nigh that follow after mischief: they are far from thy law."—Psa. 119:150.

One thing the old-time housewife didn't have to worry about was whether every pice of furniture in the house was alcohol-resistant.

GRIN AND BEAR IT By George Lichty

"Make up your mind, Roscoe! . . . last night you were screaming about living within our budget . . . tonight you're screaming about living on spaghetti."

The Once Over

By H. I. Phillips

Straw Hat Circuit Stars

(With the usual apologies)

Blessings on thee, well-known star,
You know where the dollars are,
Where the life can be sublime
In the good old summertime;
You know where the region is
Where the heat won't hurt show biz,
Where the summer tourists go.
What they'll give to see a show.
How the folks where trees are tall
For a Broadway mood will fall.

-:-

You know where the natives and
Summer visitors will stand
Side by side on hottest night—
If the show and cast are right;
You know where the dough is had
If the show is not too bad;
How the show folks make their bids
Up among the katydids.

-:-

Sleep that wakes to birds and bees,
Posters nailed to chestnut trees,
Flight of fowl and habitude
Of the folks from beach and wood;
How the woodchuck digs his cell
And the groundmole sinks his well
Almost in your dressing room
Where the wasps so often zoom;
Where the freshest berries grow—
Where the "Student Prince" will go—
Where some folks have never seen
"Smilin' Through" or "Corn is Green"—
Where "A Streetcar Named Desire"
Still lures folks in beach attire.

-:-

Where Gabor and Helen Hayes
Lure 'em in respective ways;
Where, as in Ogonquit, Maine,
Rudy Vallee rides again;
Where there still are people who
Haven't seen "The Rose Tattoo,"
"My Three Angels," "Stalag Seven,"
"Angel Street" or "Seventh Heaven."

-:-

Knowing that you're only human,
You won't try to outdraw Truman;
You know fully Margaret's billing—
And to wait a while you're willing;
Well you know there is no moolah
Fighting Maggie or Tallulah.
Cheerily, oh, summer star,
In July no town's too far;
Straw hat show-biz is your dish—
IF YOU WATCH THE OPPOSISH!

There is this to be said for New York's smaller taxes . . . hey don't look so superior as they ignore you in the rain. Elmer Twitchell says, "I tried one of the small cabs. Just put it on for size. Too small around the neck."

Would you call that new New York building to be erected by a whisky corporation a "rye-scraper" It should be a structure with a kick in it, obviously. We expect a heavy attendance of sidewalk kibitzers as the excavation is dug, and we look for a fellow to plead, when asked to move on, "Aw, just one more look. I'm okay." . . . "No, you've had enough" will have to be the answer, we assume.

In excavations around the Pyramids a funeral boat of Cheops has been found in good condition after thousands of years. . . . The story will not be accepted in this corner as complete until it hears they have found his yacht club, his commodore's cap and dug up a bowl of chowder proving that then, as in 1954, the clams in yacht club chowder are indestructible.

An agency of the U.N. says too many people take too many medicines and asks action to regulate the publicity for them and the price. . . . Well, the U.N. certainly looks as if it had been taking pills that did it no good. We hope there is no United Nations debate over what to take before and after eating, as it could lead to a Vishinsky charge that the shape the world is in is due to American and British druggists.

The National Association for Better Radio and Video alleges that a careful check shows four times more crime on kiddies' programs than three years ago when both, especially TV, were pledging less crime programs and adopting codes and seals of good practice! This raises again the question whether radio and TV chiefs have children of their own and whether they and the leaders of industry who sponsor horror programs ever read about what's happening to the kids of America.

Our forefathers had faults but they never called the henhouse a split-level country home.

Found To Be Only 16

Two Contestants Seeking Beauty Title Disqualified

LONG BEACH, Calif. (AP) — All's quiet on the international front today—final day of the Miss Universe contest—although many contestants come from nations which have been warring for centuries.

But not so with Maryland and Virginia. Civil War between them may break out at any moment.

It began over the disqualification of Barbara Ann Eschenburg, Miss Maryland. This classy beauty was a heavy favorite in the Miss U.S.A. finals Wednesday night when her true age—16—was learned.

That disqualified her with the judges. Minimum age for the contest is 18.

Miss Virginia, Ellen Whitehead of Chatham, stayed in the contest and became first runner-up to Miss South Carolina, the winner.

Yesterday it was discovered that Miss Virginia is only 16. Pageant officials, explaining that her prizes were only honorary anyway, decided at first to let her keep them, figuring no harm was done.

But then Dr. Richard Eschenburg, father of Barbara Ann, complained to contest authorities and last night Miss Virginia had to give up her trophy.

One contestant spokesman said Dr. Eschenburg, a Berlin, Md., dental surgeon here with his wife, could not understand why his daughter was not allowed to go into the final field of five and Miss Virginia was.

"There was a simple explanation," the spokesman continued. "We discovered Miss Maryland's age before the contest was decided and we didn't discover Miss Virginia's until it was over."

Dr. Eschenburg said his daughter was heartbroken about her disqualification and cried all night. He said it was explained to the sponsor of the state contest in Maryland that his daughter was only 16 and he was assured that was all right.

He said a representative of the Miss Universe pageant told him that age was not a factor.

"The only consideration was that if she were under 18 her parents' consent would be needed should she be awarded a movie contract," Dr. Eschenburg added.

Oscar Meinhardt, producer of the pageant, said Barbara Ann's application showed her age as 18 and was signed by her father.

"He said he had crossed out the age," Meinhardt added. Meinhardt said the age appeared as 18 and remarked: "Rules are rules. Next year I'm going to insist on seeing birth certificates."

Beauties from 33 nations went through preliminary judging last night for the sought-after title of Miss Universe, the world's most beautiful woman.

Favorites Miss Brazil, Miss Germany, Miss Thailand and Miss U.S.A. got much applause. Miss Sweden, a tall redhead, also drew loud bursts of spontaneous applause.

The judges weeded out 18 but their names will not be known until the start of tonight's final judging. The girls went through nearly four hours of bathing suit and evening gown competition.

DEATHS and FUNERALS

James R. Seckel, 85, Caledonia Native, Dies

James R. Seckel, 85, native of Caledonia, died at 1:30 a.m. yesterday at Akron where he made his home. He was a retired farmer.

Born March 7, 1869, he was a son of Benjamin Harrison Seckel and Mary Hutchinson Seckel. His wife, Mrs. Bertha Seckel, died a number of years ago in Galion. He was a member of the Galion Baptist Church.

Surviving are four children, Mrs. Lois Baird of Cleveland, and Earl, Paul, and Rollie Seckel, all of Akron; and nieces and nephews in Marion County. His brothers and sister's, Charles, Lowell, Cora, Kate, and Elmer preceded him in death.

Burial services will be conducted tomorrow at 10 a.m. in Marion Cemetery.

Former Richwood Man Dies at Daughter's Home

RICHWOOD — Richwood relatives have received word of the death of Henry V. Spicer, 91, who died July 12 at the home of his daughter in Newport Richey, Fla.

Mr. Spicer and his family lived in Richwood and Delaware for many years where he was an attorney.

Surviving are: two daughters, Miss Clara Spicer with whom he resided, and Mrs. Alice Harris of Bluefield, W. Va.

--Funeral Services--

A. Fred Hermann — Tomorrow 1:30 p.m., Wise Funeral Home, Bucyrus. Elder D. S. Thurston, burial Oakwood Cemetery, Bucyrus. Friends may call at the funeral home.

Movement Grows To Restore Belief In Divine Power

TOKYO (UP)—A growing movement to restore belief in the divinity of Emperor Hirohito is indicated in reports from throughout Japan.

There is increased interest in the rehabilitation of shrines and temples and in the construction of monuments in honor of Japan's World War II dead.

At Ise Shrine, where the emperor reports to his ancestors on important national events, the number of worshippers jumped from 830,000 in 1947 to 3,500,000 in 1952. Donations to the shrine totaled nearly $2,000,000 last year.

Shortly after the war, Emperor Hirohito renounced the centuries-long belief that the imperial family descended from the gods.

But the Asahi Evening News reported that in one private school in Akita prefecture the emperor's picture was placed in a "peace pavilion" remarkably like the prewar "hoanden"—a fireproof building for keeping the imperial picture.

The principal of the school, Asahi said, has written a book on "educational guidance" which contains such pre-war emperor phrases as "Supremely August Being" and "Sacred Son of Heaven."

In five of the poorest wards in Tokyo, householders earmarked about 25 per cent of their donations for Shinto ceremonies, while one ward spent about half of its donations for the rehabilitation of two shrines.

Some Japanese writers believe the current trend toward emperor and ancestor worship can be blamed on political scandals and on the increased activity of ultra-rightist groups.

As an indication of rightist influence, groups of former Japanese servicemen now are trying to form national veterans' organizations and officer associations.

He who fears being conquered is sure of defeat.—Napoleon

Priests' Shoes Borrowed For Junior Class Prom

SPOKANE, Wash. (UP)—Priests at Gonzaga University stayed home, but their shoes went dancing at the Junior Prom.

It's something of a university tradition.

The prom, of course, is formal and that means black shoes for the men students. Not many students own the essential footwear, but all the priests wear them.

So the students borrowed the black shoes from the priests, who must either stay indoors that night or dig up an old pair. The confusion came after the ball was over — when the students began returning the shoes, which are alike, except for size.

It was several days before some of the priest-instructors felt comfortable standing before a class.

The volume of traffic in Connecticut was 2.4 per cent higher in February 1954 than in the same month of 1953.

The Social Notebook

PLANS WERE MADE for a fall outing at Holiday Hill near Delaware at a business and social meeting of the Lioness Club Tuesday evening at Dixie's Tearoom. Members of the Lions Club will join the group for the picnic which will be held Oct. 3.

During the business session it was voted to hold regular meetings at the tearoom.

Mrs. Wesley Ranck announced the completion of the club directory and a vote of appreciation was extended to Mrs. Fred Holden who served as chairman of the club's committee for the Soap Box Derby. Mrs. John Phelan was elected treasurer to fill the unexpired term of Mrs. John Ehlen, who is leaving to make her home in Cleveland.

In bridge the awards were won by Mrs. H. R. Finney and Mrs. Paul Frye, and the canasta awards went to Mrs. Wesley Ranck and Mrs. Earl Andrews.

—:—

MRS. J. EDWIN PROBST was enrolled as a member when the Past Presidents Association of the Marion County Federation of Women's Clubs met for a picnic and business session Tuesday evening in the Women's Club Home. Mrs. Probst is immediate past president of the Federation.

Re-elected for the coming year were Mrs. Lewis Uhl, president, and Mrs. Paul Knauss, secretary-treasurer.

Greetings were received from Mrs Depew Head of Columbus and Mrs. Harold K. Mouser of Coral Gables, Fla., members of the association. Members of the group will assist in the antique shop to be sponsored by the Federation in October at the home, by serving as a hospitality committee.

—:—

The engagement and approaching marriage of Miss Phyllis Griffin to Phillip Ronald Craycraft is being announced by her father, Cecil Griffin of near Marion. The wedding will take place Tuesday, Aug. 10, in St. Mary Catholic Church.

Mr. Craycraft is the son of Mr. and Mrs. Stanley Craycraft of near Morral.

The bride-elect will be graduated from Grant Hospital School for Nurses in September. Her fiance is employed by the Morral Supply Co. Both are graduates of the Morral High School. The wedding will take place at 9:30 o'clock and the custom of open church will be observed.

—:—

Plans were made for a benefit ice cream social to be held in August, the proceeds to be used in financing the kindergarten, at a special meeting of the Pleasant Mothers Study Club of the Child Conservation League Tuesday evening at the school.

The club is again sponsoring the kindergarten which will open its second year Sept. 7 at the Marion County Children's Home. Registration for all eligible children of the school district will be held Aug. 11 and 18 at the Children's Home.

—:—

Officers were elected when the Allen James Fan Club met Monday evening at the home of June and Jene Cratty of 802 Uncapher-Ave. Marilyn Creasap was elected president, Jene Cratty, vice president, Ruth Decker, secretary, Carol Jo Perry, treasurer, Sharon Miller, chaplain and Ruby Hanson, publicity director. A season of games was followed by refreshments and a social hour.

—:—

Mrs. Beverly Baker, wife of a former Marion man, Richard E. Baker who is serving in the U.S. Navy Air Force, has returned to her home in Palo Alto, Calif., after a visit here.

She was a guest in the home of Mrs. Helen Moore of 702 Girard Ave., mother of her husband. Before her marriage May 22, this year, she was Miss Beverly Campbell of Palo Alto. Her husband is an aircraft maintainence technician and is stationed in Korea.

Head of School Board Talks at Kiwanis Lunch

Charles Harmon, president of the Marion School Board, gave a review of the history of the controversy on the paving of Seminole Ave. near Harding High School at the Thursday noon meeting of the Kiwanis Club at Hotel Harding.

Harmon gave both sides of the question of who was to be responsible for the paving of the street. He gave legal aspects as well as other problems which face City Council and the board in settling the problem.

Paul Hunt, program chairman, introduced Harmon. The meeting was under the direction of the second vice-president, Leonard Young.

During the course of the business meeting, it was announced the group would visit the Galion Kiwanis Club Tuesay. That trip will be under the direction of Otis Porter, inter-club committee chairman.

A guest at the meeting was Peter Zieg of Marion.

Church Activities

Mrs. Floyd Welch and Mrs. Adelia Conklin were associate hostesses when the Women's Missionary Society of the First Evangelical and Reformed Church met Wednesday evening with Mrs. Herman Wohlschlag on S. High St.

To open the meeting the leader, Mrs. Roy Heiser, read "Do You Recognize Anything Here?" Mrs. Francis Reardon presented the devotional topic, "A Prayer Life."

Three chapters from the study book, "Where-e'er the Sun," were reviewed by Mrs. Wilbur Mochel. Guests were Mrs. Fred Albert, Mrs. Clarence Keil, Mrs. Minnie Allman and Mrs. Ida Davis. The August meeting will be combined with the September meeting and will be held Sept. 15 at the church. At this time there will be a guest speaker.

—:—

Annual picnic of First EUB Church Circle 1 was held at Lincoln Park Tuesday night. Devotions were by Mrs. Ruth Hollenbaugh. Members voted $25 to the church building fund. Guests included Dewey Bolander, Edward Schwaderer, Pamela Schwaderer, Miss Fern Williams, Nancy Shumaker of Findlay, Steve Roebuck, Henry Roberts, and Joel Bolander.

—:—

Mrs. Mary Guthoff was hostess to the LaRue Baptist Women's Missionary Society Tuesday night, and Mrs. John Williams presided for business in the absence of Mrs. Lenore Asher. A period of prayer was observed in behalf of foreign missionaries. During work hour the members cut blocks of material for Navajo Indian missions. The next meeting will be a picnic at the roadside park near LaRue.

—:—

The Luther League met Wednesday evening at the Trinity Lutheran Church. A wiener roast was featured, and it was reported that Miss Shirley Seiter had been notified that she had been elected Good Faith Offering promoter of the Tri-County Federation.

Police, Patrol List 3 Mishaps

No Injuries Result In Traffic Accidents

Two minor traffic accidents were reported today by city police. The state highway patrol reported one collision on county roads which demolished one of the cars involved.

One of the collisions in the city occurred at 10:48 p.m. Thursday in front of Albert and Adams Motor Sales at 325 S. Main St.

Three cars were involved. They were all traveling north on N. Main St. Drivers were Robert P. Taylor, 17, of near Marion, Kenneth F. Meade, 26, of Morral, and James L. Highland, 17, of 772 N. State St. Police said Highlands' car struck Meade's car from the rear, pushing it foreward into the rear of Taylor's car. Taylor and Meade were stopped for a traffic light.

The other city collision involved less than $100 damage.

Two Autos Damaged

Two cars were badly damaged when they collided in the intersection of State Routes 98 and 529 Thursday at 2:10 p.m. It was the only accident reported in the past 24 hours by state patrolmen from the Marion post.

A 73-year-old Indiana driver was arrested following the mishap, and charged with failure to yield the right of way. George O. King of Grabill posted bond for his appearance in Municipal Court today.

Patrolmen charge he failed to stop at a stop sign at the intersection, as he was headed west on 529, and struck the car driven by George H. Van Brimmer, 50, of near Delaware in the rear end.

Van Brimmer was traveling north on 98 and was in the middle of the intersection when his car was struck. Both vehicles had to be removed by wrecker from the scene of the accident. No one was injured in the collision.

Premium Books For Fair Available

Premium books for the 1954 Marion County Fair are now available; Don Clements, Agricultural Society president, announced today.

Prospective exhibitors may obtain copies from him at the county auditor's office on the second floor of the Courthouse or from Clifford Campbell, society secretary, of near Morral, Clements said.

The 1954 fair is scheduled for six days beginning Aug. 21, with deadline for submitting fair entries set at 9 p.m. on Aug. 14.

Packing Overnight Bag For Husband Takes Skill

By SANDRA NEMSER
AP Newsfeatures Writer

Vacation weekend trips often mean double packing for the woman of the house. If your husband's the type who likes to leave packed with only what he has on his back, here are some tips to keep him both well-dressed and happy.

—:—

CAROL LANE, women's travel director for an oil company, has devised a check list for a man's must and miscellaneous needs on a weekend trip by car.

Her formula is to file the clothes in a logical and space-saving manner.

Begin with the heavy items, such as shoes, shaving kit, alarm clock, military brush set and toiletries. Cover the shoes with an old pair of socks and fill them with the socks he'll want to wear.

After the heavy things comes the extra suit, sport coat or slacks. Most wrinkle-free way to pack a suit in a small weekend bag: Lay trousers out flat and place buttoned-up coat on top; fold trouser legs over; fold coat bottom up and place in luggage.

—:—

WRINKABLES, like shirts and ties, are next in order. Miss Lane suggests you pack two dress shirts and one sport shirt face to face. You can protect the collars by filling the necks with handkerchiefs. Ties can be folded over the center pages of a magazine.

Next come underwear and night clothes. Must items here include: house slippers, robe, one pair of pajamas and two pairs of shorts and undershirts.

In the handy-to-have-along category, Miss Lane places styptic pencil, a box of aspirin, a sweater rolled Navy style, a check book, nail clippers and a file. She also suggests a miniature whisk broom or a rubber bath sponge to remove lint from clothes, a small sewing kit and a book or other reading material

'WHAT'S NEXT?' Wife studies her check list for next item to put in husband's bag.

Election Board Approves Bond Issue at LaRue

Board of elections officials last night aproved a school bond issue for the LaRue Local School District and awarded a contract to a Columbus firm for supplying November election precinct supplies.

Receiving approval for placement on the November ballots was the $376,000 bond issue asked by the LaRue School Board.

If approved by voters, the money would be used for the construction of an elementary school building, including a cafeteria, and an addition of vocational agriculture rooms to the high school.

In addition, playground apparatus, furniture and furnishings would be provided by the revenue.

On their low bid of $16 per precinct, the Heer Printing Co. of Columbus was awarded the contract for supplying November election supplies.

Other bids received, with the amount, came from Columbus Blank Book Manufacturing Co. of Columbus, $16.75, Johnson-Watson Co. of Dayton, $16.80, and Fred Procter Co. of Cincinnati, $16.85.

Marion Driver Charged In $5,000 Morrow Suit

MOUNT GILEAD—A action for $5,000 was filed in the Morrow County Common Pleas Court Wednesday by Carl Brockelsby of Edison against B. J. Wetteraur of Marion.

Brockelsby says that he was riding in his wheelchair on Route 95 in Edison on July 26, 1953, when a car driven by Wetteraur and headed in the same direction, collided with his vehicle and hurled him and the chair to the side of the road. He says he suffered bruises, abrasions, and shock and was treated at the Morrow County Hospital.

Relics From Jap Subs Become Museum Pieces

GROTON, Conn — (UP) —The last tangible remnants of one of the best-kept secrets of World War II are hung in the submarine library of the electric boat division of General Dynamics Corp.

The periscope plates from five Japanese subs, mounted on a plaque along with a photo showing one of them sinking, were presented to the firm by Rear Adm. George C. Crawford, commander of the Atlantic submarine fleet.

The subs were captured after the war. Two of them were regular attack types, but the others were "undersea aircraft carriers." The Allies didn't know the enemy had the subs until they were captured.

It didn't make much difference however, because they were sunk before they saw action.

YOUNG FLIER

AVENAL, Calif. — (UP)—Three-year-old Gail Rose recently logged her 200th flying hour. The daughter of Mr. and Mrs. Ed Rose started taking air rides with her parents, both pilots, when she was five weeks old.

Churchill Again Urged To Retire In Favor of Eden

LONDON (AP) — Anthony Eden's prominent role as a peacemaker at Geneva stirred new speculation today that 79-year-old Prime Minister Sir Winston Churchill might soon retire in favor of his heir-apparent foreign secretary.

The conservative Daily Sketch, a strong supporter of the Churchill government, said this may have been why Eden had an audience last night with Queen Elizabeth II.

Most observers thought the Queen called the foreign secretary to Buckingham Palace to congratulate him on his part in working out the Indochina cease-fire. But such an audience also could mean Churchill has recommended Eden to the Queen as his successor.

The liberal News Chronicle said many members of Parliament are speculating Churchill "may regard this as the right time to hand over to Mr. Eden."

The mass circulation Daily Mirror, which for months has been urging Churchill to step down, complained today:

"Still Sir Winston clings to office.

"He does a great disservice to Eden, his chosen successor, standing in the light for so long."

Wash Cuts Loose $100,000 Worth of Cincinnati Yachts

CINCINNATI (AP)—The wash from a fast moving Ohio River barge-tow caused the harbor boat of the Western Hills Yacht Club here to break loose yesterday with its fleet of boats, valued at $100,000.

The Mississippi Valley Barge Lines sent a towboat to corral the fleet. Damage was estimated unofficially at $10,000.

Owners worked far into the night to straighten out the maze of tangled boats.

The wash from the barge-tow first swamped the outboard mooring float at the club and it upset. Then headlines on the harbor boat snapped and the entire fleet of 40 boats started drifting in a circle.

Owners of the club said they would ask the U. S. Corps of Engineers and the Coast Guard to investigate.

Man Found Not Guilty

Glendon Kight, 18, of 181 Stark Ct. was found not guilty of an assault and battery charge at his hearing in Marion Municipal Court Thursday.

He was accused of assaulting Grover Crissinger of 501 Park St. on July 3 on George St. The affidavit for his arrest was signed by Crissinger. Kight had pleaded not guilty to the charge.

Lodge Activities

When Cooper Relief Corps 194 met Tuesday afternoon at the Grotto Hall, a report on the recent convention at Columbus was given by Mrs. Helen Weston, delegate. Mrs. Eva Bailer attended the state meeting also.

Other reports were made on activities of the United Service Club, and on members who have been ill.

Named as aids for 1954-55 were Mrs. Tracel Tobey, Mrs. Blanche Hartpence, and Mrs. Rose Seiter. The members will meet Aug. 3 at the Grotto Hall at 9 a.m. to go to the home of Mrs. Dorothy Sult west of Green Camp for a noon-day picnic.

Morrow Approves Higher Budget for 1955 Expenditures

MOUNT GILEAD — Morrow County expenditures will again be greater in the coming year than in past years, it was revealed this week by the budget for 1955, as approved by Morrow County Commissioners.

Total expenditures from the general fund are expected to be $207,466 compared to $199,796.30 this year. Total expenditures from the motor vehicle license and gasoline tax fund will be down slightly as they are estimated at $310,500 for the next year compared to $313,900 this year.

Receipts on the other hand will also be up sightly over the previous year. Receipts in the general fund are estimated at $223,970 for the coming year compared to $225,226 this year while receipts in the motor vehicle license and gasoline tax fund will be $343,887 compared to $338,587 this year.

Man Builds Hobby Into Big Business

GREENVILLE, Miss.—(UP) — Frank Foresman has built a business on the fact that men are not willing to leave toy trains to boys.

More than 30 years ago, Foresman said, his son received a train for Christmas, and he, like a lot of dads, had a wonderful time with it, too.

When he later was ordered by his doctor to find a hobby, Foresman turned to trains. He soon found he was not alone.

"You would be surprised at the number of adults who find model trains as interesting a hobby as I did," Foresman said.

He saw the need for an electric train shop and set one up in the rear of his home. He sells, repairs and makes trains and layouts.

The dominating part of his shop is a landscape with yards and yards of tracks running through villages, tunnels and over hill and valley with the countryside scaled to size. His freight cars carry cargo that looks real, and a recorded voice announced arrival and departure times at his stations.

"There's nothing like working with a train to take your mind off your problems after a day's work," Foresman said.

And of course, Foresman said, there's a certain joy in seeing neighborhood boys watch the "New York Central's" nightly run through Greenville.

House Begins Debate on Aid Bill, Cuts Seen

Committee Believes Version Acceptable To Ike Will Be Passed

WASHINGTON (AP) — The House Appropriations Committee, fresh from a shellacking at the hands of House members, turned to a multi-billion-dollar foreign aid bill today in hopes of greater success.

On the committee docket was President Eisenhower's request for about 3½ billion dollars for overseas assistance this year, and advance word was the group might be able to finish up work on the measure tomorrow.

Members predicted their version would provide less than Eisenhower asked, but said the cuts wouldn't be such as to stir up White House opposition.

Presidential prodding was a notable factor yesterday when a coalition of Republicans and Democrats rebuffed the powerful purse-strings committee by adding $109,146,549 to the committee's figures on a catchall appropriation bill.

Then, by voice vote, the congressmen sent to the Senate a measure appropriating $1,303,334,628 to finance miscellaneous federal programs not taken care of in the regular money bills.

This was $656,623,639 less than the President had requested, but $528,400,000 was a reduction in funds for military public works construction. Instead of providing all new cash for this work, the committee had approved the use of unobligated balances of money previously appropriated. The House concurred in that plan.

But it bowled over the committee's recommendations for deep cuts in new money for ship, airport and hospital construction.

The coalition added to the bill 22 millions for municipal airport construction, 71½ millions for ship construction, and $15,900,000 to help states and municipalities build new medical facilities under a recently approved hospital program.

Added Bounce Planned In Nation's Playgrounds

BUFFALO, N. Y. — (UP) —The U. S. Rubber Reclaiming Co., Inc. plans to market shortly a product designed "to put the bounce into children's playgrounds."

Development of the reclaimed-rubber and asphalt compound, according to company president Chester H. Peterson, resulted from the concern's research in the field of powdered reclaimed rubber.

The company said a playground with a resilient surface can be laid out by first mixing a form of its powdered reclaimed rubber with asphalt and then adding the formula to conventional asphalt. This produces a surface that has a little "give" to it.

July 2, 1954, Mars was 40 million miles from the Earth, the closest in 13 years.

"What's good today?"

This is the question most often asked by our customers and strangers who dine with us for the first time. No two people are exactly alike when they order food, so it's not easy for our waiters to "hit your fancy" the first time. They are always ready to suggest, but they never, no never, try to influence your decision about just what you want and how you want it prepared.
